HOW TO ORDER

Orders can be placed directly with us or with the local booksellers/distributors.

SPECIMEN COPIES

In case school Principals or heads of relevant departments wish to examine our publications with a view to adopting them for class use, we shall be glad to send specimen copies to them. Requests for specimen copies may be sent directly to us.

NEW MANUSCRIPTS

We welcome unpublished manuscripts and suggestions for new books.

About Us

Dear Educator

Ours is a wondrous, exciting and highly rewarding World of Books.

It has been a great pleasure to be associated with you who are committed to the cause of Education. It has always been our endeavour to supplement your efforts with cost-effective publications excelling in editorial inputs, production values and easy-to-understand subject matter.

Education is an ongoing process both for the learner and for the publisher. In the World of Education, one has to be completely committed and must always strive to update one's subject knowledge. To keep abreast with the needs of the curriculum, change is the only permanent thing that we at Sultan Chand & Sons (P) Ltd aspire for. With renewed focus, our books are reviewed and revised for each academic session. Critical feedback from the valued readers is acknowledged and incorporated in subsequent editions, which helps to enrich the textual content. With our countrywide marketing network, the gap between you and us is bridged and we are constantly made aware of your needs.

Continuing with our tradition of introducing quality books every year, we are pleased to announce the launch of our new books—*Informatics Practices* for CBSE Classes XI and XII, *An Aid to Accountancy* and *An Aid to Mathematics* for ISC Class XII, and *Essentials of English Grammar and Composition*, *COMPUTERS: Gateway to Digital World*, *Exploring Physics* and *Exploring Biology* for ICSE Classes VI to VIII. Besides, our French Series *Bonjour L'Inde* has also been supplemented with the launch of *Introductory Main Course Book* and *Workbook*.

Our other popular series, *The World Around Me*, *Symphony English*, *Computer Science with C++* and *Business Studies* for CBSE Class XII have been thoroughly revised. Under our ISC banner, *New Fundamentals of Mathematics* for Classes VI to X and the *Exploring Series*—Physics, Chemistry and Biology—for ICSE Class X students have also been revised to make vital changes. *Essentials of Commerce* and *Essentials of Economics* for ISC Classes XI and XII too have been looked at afresh to bring about all-round improvement in them. Our immensely popular *Essentials of English Grammar and Composition*, a set of 9 books, for Classes I to VIII and for Secondary and Senior Secondary Classes, too has been further improved and enriched for the benefit of students. All these books have been aesthetically produced and reasonably priced.

We have also brought out the updated editions of our *Double Entry Book Keeping*—CBSE Classes XI and XII, *Double Entry Book Keeping*—ISC Classes XI and XII; *Management Accounting*—ISC Class XII, *Analysis of Financial Statements*, *Introductory Microeconomics* and *Introductory Macroeconomics*—CBSE Class XII. Our Self-Tutor series for students of Classes IX to XII has been thoroughly revised and is in tune with the current trends.

Teacher Enrichment Programmes are a regular feature with us. Workshops are organised to provide a platform to teachers to share their educational experiences with authors, resource persons and fellow educators. These can be arranged at the behest of interested schools. Request for a Workshop may be forwarded to our Head Office or to our representative covering your area.

Wishing you success in your endeavours, we rededicate ourselves to help you succeed in your noble mission.

Warm regards

Ashish Aggarwal

Great Beginnings

(Explorations for Early years)

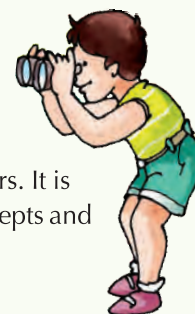

Parts I and II—for age group 4 to 6 years

Henu Mehtani

Great Beginnings is a series outlined for age group 4 to 6 years. It is planned and designed to lay a strong foundation of basic concepts and skills and develop a positive attitude towards learning.

Focus Areas: Listening, speaking and motor skills
Social and emotional development

Salient Features: Colourful and attractive visuals
Helpful hints, ideas and an innovative teaching approach

Foundations

Volumes 1, 2 and 3—for Nursery and Prep.

Meeta Rai, Geetika Bahl

Foundations, consisting of three parts, is an exclusive series for schools providing all-round education to 4-year-olds. The authors have meticulously arranged the work in a systematic manner around a particular theme that would encourage the teacher to use innovative techniques. The volumes are completely self-contained.

Volume 1: *English:* Knowledge of the English alphabet A to Z, sound association and written formation.

Math: Pre-number concepts; Formation of numbers.

Hindi: Recognition of the alphabet क-ह.

EVS: House; Home; Family; Self.

Arts and Crafts: Colouring; Shapes & Sizes.

Volume 2: *English:* Small alphabets; Three-letter words.

Math: Before, After, Between numbers; Greater and Smaller numbers.

Hindi: Writing of the alphabets; Two-letter words.

EVS: Transport; Plants; Animals.

Arts and Crafts: Festivals.

Volume 3: *English:* Word Patterns; Fill in the blanks; Rhyming words; Opposites; One and many; Simple sentences.

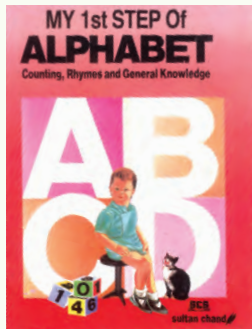

Math: Addition; Subtraction.

Hindi: Names of pictures; Fill in the blanks; Three- and four-letter words.

EVS: Days of the week; Months; Safety and Hygiene.

Arts and Crafts: Fun with Shapes.

My 1st Step Of Alphabet

Counting, Rhymes and General Knowledge

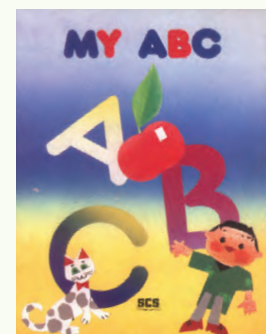

This multipurpose book, designed to meet the requirements of Nursery/LKG children, includes:

- Alphabet (both capital and small letters).
- Counting (building up the number system from 1 to 10 and then extending it to 100).
- Nursery rhymes
- Fruit and vegetable charts
- Bird and animal charts
- Parts of the human body
- Colour chart

The book, completely plastic coated, printed in four colours and profusely illustrated, is a child's first picture dictionary.

My ABC

This first book for children has a laminated cover to lend beauty and durability, and multicolour pictures on art paper. It introduces capital and small letters of the English alphabet through attractive pictures of familiar objects. It also introduces common fruits, vegetables, animals, major parts of the body, colours and numbers.

Let's Write ABC—Capital Letters

Let's Write abc—Small Letters

Let's Write Capital and Small Letters

The books with multicolour laminated covers and four-colour illustrations are designed to aid

- recognition and formation of capital and small letters of the English alphabet.
- practice and fluency in drawing strokes and forming letters.
- the process of learning and writing with fun.

Let's Sing

Parts I, II and III

The set is an anthology of popular nursery rhymes appropriate to the children's interests and the range of their experience and imagination. They are pre-eminently musical rhymes that children would love to sing and dance to.

Premier Cursive Writing

Parts I to V

This carefully graded series of five books is designed to teach cursive writing. The books will help the child develop sufficient motor control and acquire a fluent and beautiful style of writing.

Multicolour covers and two-colour illustrations add charm to learning.

Premier Pattern Writing

Parts I-A, I-B, II, III, IV and V

Scientifically designed to teach pattern writing in six steps, the books gradually lead the child from making simple horizontal and vertical strokes to more complex patterns and writing the alphabet, words and sentences. The words chosen to give practice in writing have been carefully graded.

Multicolour covers and two-colour illustrations are appealing to the child.

Premier English Reader and Workbook

Rajendra Pal

- Profusely illustrated, interesting and informative reading material.
- Carefully graded and strictly controlled vocabulary.
- Well-graded comprehensive exercises at the end of each lesson.
- Ideal for practice in the use of basic sentence patterns and basic language skills.

Sparkle Multiskill English—Starters A and B for LKG and UKG are also available. (See Page 20)

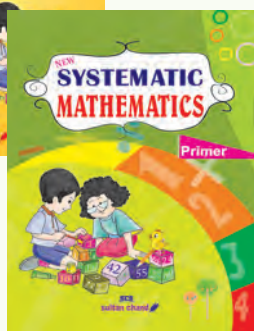

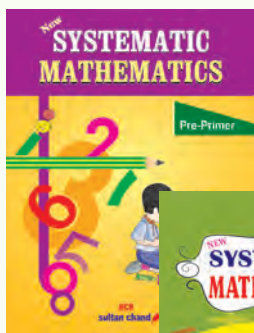

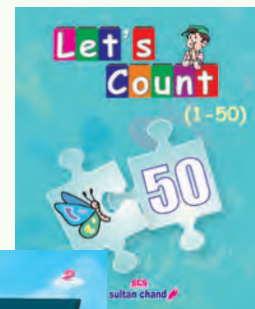

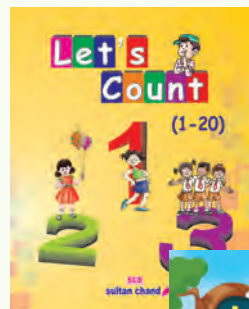

PRE-PRIMARY

Let's Count (1-20)

Let's Count (1-50)

Let's Count (1-100)

This set of three books gradually leads the child to learn counting and practise writing numbers up to 100 with emphasis on a clear understanding of the concept of numbers. The books include carefully designed and graded exercises to offer built-in revision-cum-assessment mechanism and are fully illustrated with multicolour laminated covers.

New Systematic Mathematics

Pre-Primer

Dr Archana Agarwal

Primer

S.K. Malhotra

These books aim at maximum possible involvement of the child in understanding the number system and developing basic computational skills and logical thinking. The well-graded content arouses the child's curiosity and imagination, leading to active participation of the pupil in the formation of mathematical concepts and skills.

New Systematic Mathematics for Classes I to X are also available. (See Pages 32 & 36)

The World Around Me

(INTRODUCTORY)

This useful companion of children introduces them to all the relevant objects in their world comprising the animal world, the world of nature, the home and the school.

Children will find it fun to go through the book designed to build a solid vocabulary in a natural way.

The World Around Me for Classes I to VIII are also available. (See Page 15)

अ आ इ

श्रीमती मनोरमा जफा

अक्षर-ज्ञान की यह रंग-बिरंगी पुस्तक पढ़ने एवं पढ़ाने वाले का मन हर लेगी। थोड़ी-सी सहायता से बच्चे और बड़े सभी पढ़ना सीख जाएँगे। अक्षर-ज्ञान, बारहखड़ी, मात्रा-ज्ञान, शब्द-प्रयोग तथा वाक्य पढ़ने तक की सभी सीढ़ियाँ इस छोटी-सी पुस्तक में संगृहीत हैं।

अनुपम अक्षर-बोध

हिंदी वर्णमाला के सम्यक् बोध के लिए यह अपने ढंग की निराली पुस्तक है। मनमोहक रंगों के आकर्षक चित्रों से युक्त इस पुस्तक में वर्णों के आधार पर बाल-गीत भी दिए गए हैं, जिनसे हर वर्ण से बनने वाले शब्द सहज ही बच्चों के स्मृति-पटल पर अंकित हो जाते हैं। पुस्तक की साज-सज्जा नयनाभिराम है और अध्ययन के लिए विशेष रुचि पैदा करती है।

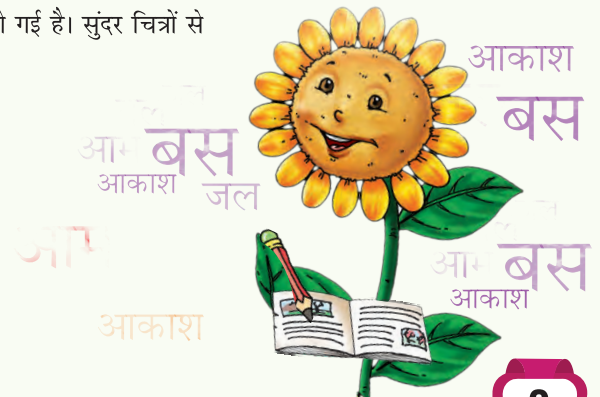

अनुपम क ख चित्रावली

प्रारंभिक कक्षा के नन्हे-मुन्हे छात्रों के लिए लेखन-अभ्यास की यह बहुत प्यारी पुस्तक है। वर्णों की बनावट समझाने के लिए इसमें स्पष्ट संकेत दिए गए हैं और चार रेखा पंक्तियों में हर वर्ण का पर्याप्त अभ्यास कराया गया है। पुस्तक मनमोहक आवरण से सुसज्जित है।

अनुपम शब्द-बोध

वर्ण-ज्ञान के अनंतर उन्हें जोड़कर पढ़ना सिखाने के उद्देश्य से यह पुस्तक तैयार की गई है। बच्चों की आयु, उनके अनुभव-जगत् और उनके कौशल एवं क्षमता को ध्यान में रखते हुए क्रमशः शब्दों का जोड़ सिखाया गया है। पुस्तक चार रंगों में छापी गई है। इससे सुंदरता की वृद्धि के साथ ही शब्द-ज्ञान की प्रक्रिया सुगम एवं मनोरंजक हो गई है। सुंदर चित्रों से विषय को सुबोध एवं रुचिकर बनाया गया है।

अनुपम स्वर बोध

दो रंगों में मुद्रित इस पुस्तक का उद्देश्य नन्हे-मुन्ने छात्रों को मात्राओं का सम्यक् ज्ञान कराना है। प्रत्येक स्वर की 'मात्रा' संकेतित करते हुए भिन्न रंग में उसे विभिन्न वर्णों के साथ लगाकर दिखाया गया है। यथास्थान चित्र दिए गए हैं, जिनसे पुस्तक आकर्षक भी हुई है और मात्रा-बोध भी सुगम हो गया है।

रंग-बिरंगे गीत

ये गीत एसोसिएशन ऑफ़ राइटर्स एंड इलस्ट्रेटर्स फ़ॉर चिल्ड्रन (ए० डब्ल्यू० आई० सी०) के सौजन्य से, श्रीमती मनोरमा जफा द्वारा तैयार कराए गए हैं। आकर्षक चित्रों से सुसज्जित यह गीतमाला 4 से 6 वर्ष के बच्चों के लिए विशेष रूप से बनाई गई है।

हँसते-खेलते गीत

ये गीत एसोसिएशन ऑफ़ राइटर्स एंड इलस्ट्रेटर्स फ़ॉर चिल्ड्रन (ए० डब्ल्यू० आई० सी०) के सौजन्य से, श्रीमती मनोरमा जफा द्वारा तैयार कराए गए हैं। आकर्षक चित्रों से सुसज्जित यह गीतमाला 6 से 8 वर्ष के बच्चों के लिए विशेष रूप से बनाई गई है।

आओ गाएँ अनुपम गीत

भाग 1-3

डॉ. रवींद्र दरगन

- नर्सरी और के० जी० के बच्चों के मानसिक स्तरानुकूल।
- लयात्मक एवं उद्देश्यपूर्ण कविताओं का संकलन।
- गीतों में प्रेम, समता, सहयोग तथा सहिष्णुता जैसे गुणों का समावेश।
- अत्यंत सहज एवं सरल शब्दों का प्रयोग।
- सुग्राह्य एवं आकर्षक चित्रों का समावेश।

Crayons to Enjoy

Parts A, B, C, I and II

The series, consisting of five books, has been prepared for children in the age group of 3½ to 8½ years. The books give the children a sense of form and colour, develop in them sufficient motor control, satisfy their urge for expression and stimulate their interest in art. Above all, these books give the children the thrill of performing a creative act.

Let's Paint

Parts I to VIII

This carefully graded set of eight books has been designed to develop in the child the habit of keen observation, the ability to reproduce accurately and an appreciation for art.

Books I to III: Enhance observation skills along with motor skills and concept of colour.

Books IV to VIII: Tracing, drawing and colouring activities develop integrated skills in an engaging manner.

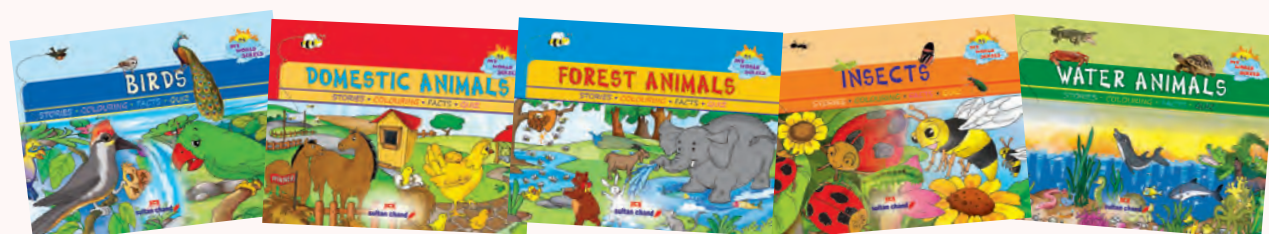

My World Series

Birds, Domestic Animals, Forest Animals, Insects, Water Animals

Geetika Bahl, Sydha Suri

This is a creatively designed series for children to help them experience and become familiar with the world around them. The stories provide age-appropriate information and enhance listening, comprehension and motor skills. Colouring activities, picture quizzes and fact files prove to be an enriching experience.

Environment Conservation Series

A Set of 4 Pictorial Story Books

Age group: 8 to 13

- **A Jungle in Need of a King**
- **Wisdom of the Trees**
- **Only One Earth**
- **A Tale of Two Bags**

Dilip M. Salwi

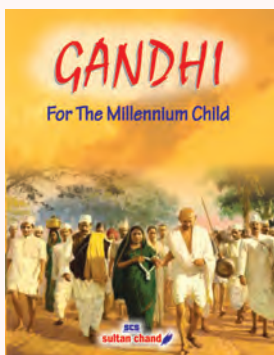

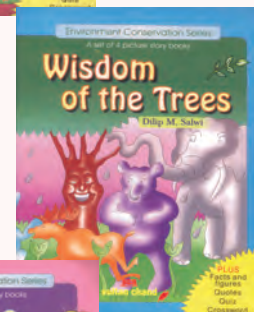

Tigers and other animals are becoming scarce in the jungles. Forests are being destroyed on a large scale. Indestructible, ecologically unfriendly plastic bags are being used in all walks of life. All in all, Mother Earth is under attack from all possible directions—air, water, soil, etc., are being polluted. A hell is being created right on the earth!

The series aims to

- acquaint children with various aspects of environmental degradation.
- inculcate in children environmental awareness.
- motivate children to protect the environment from further degradation.

Salient Features

- Illustrated stories.
- Possible solutions to preserve the environment.
- Acquaint the children with real efforts being made all over the world to conserve the environment.
- Striking quotations, teasing quizzes and crosswords, and activities such as designing posters.
- Highlights inspirational work of famous environmentalists.

Gandhi For The Millennium Child

These stories have been compiled under the auspices of Association of Writers and Illustrators for Children (AWIC) by Mrs Manorama Jafa and other reputed authors of children's literature. Care has been taken to reflect values such as honesty, dignity, truth, compassion, non-violence and self-reliance, to which Gandhiji devoted his entire life. These stories about this great apostle of peace are as much or even more relevant today than ever before. We hope these stories will inspire and help in spreading these time-tested values among the coming generations.

'Reading for Pleasure' Series

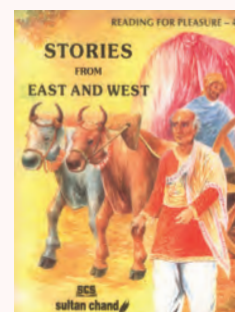

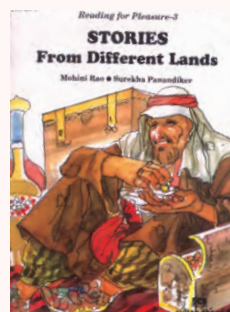

- Stories Old and New-1
- The Feast of Shiraz and other stories-2
- Stories from Different Lands-3
- Stories from East and West-4

Mohini Rao, Surekha Panandiker

'Reading for Pleasure' is a series of supplementary readers specially prepared for primary and middle-level children.

Salient Features

- The collections include suitably rewritten folk tales, historical legends and mythological as well as realistic stories based on adventure, biography, the Indian National Movement, Indian culture and environment.
- Easy-to-comprehend and age-appropriate vocabulary.
- Designed to sharpen children's imagination, stimulate their thinking and to inculcate in them the right moral values.
- Aims at imparting good language skills to the children.
- All volumes carry attractive four-colour visuals by renowned artists, including Mrinal Mitra.

Hindi versions also available.

Stories of Courage

R.K. Murthi

This is a collection of eight real-life stories based on the lives of eight persons from diverse lands but having one thing in common—a bold and determined attitude, undaunted by difficulties and fearless in the face of danger. Their acts of courage arise from a strong belief in the moral rightness of a position or course of action. These men of courage remain alive in our memory even today.

Courageous Children

The National Bravery Award Winners and Others

R.K. Murthi

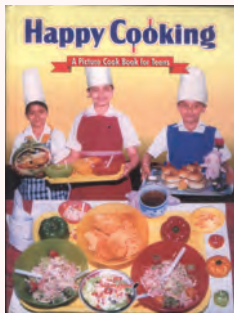

This book is a collection of real-life episodes of exceptional courage portrayed by children in a crisis situation. Their stories aim to inspire the young readers by showing that children too can be heroes.

Superstars of Indian Science

R.K. Murthi

The book compiles inspiring profiles of ten Indian scientists and how they served their chosen fields of study and moved along the path of glory.

Happy Cooking

Ena Silas

This book is simple enough to inspire cooking as a hobby.

Salient Features

- Easy to follow, step-by-step guidance to a mouth-watering snack or a delightful meal.
- Helpful sketches in vivid colours.

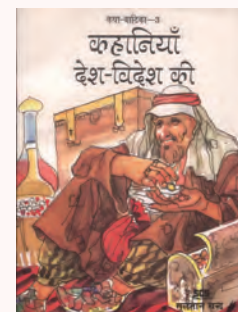

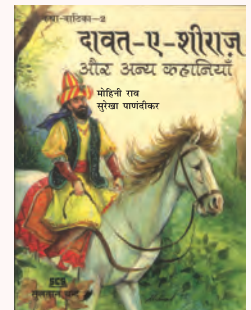

Happy Cooking is an ideal gift for all occasions—from one gourmet to another.

कथा-वाटिका पुस्तकमाला

- कहानियाँ नई और पुरानी-1
- दावत-ए-शीराज़ और अन्य कहानियाँ-2
- कहानियाँ देश-विदेश की-3

मोहिनी राव, सुरेखा पाणंदीकर

कथा-वाटिका पूरक पुस्तकों की शृंखला है, जिसे विशेष रूप से प्राथमिक और माध्यमिक कक्षाओं के छात्रों के लिए तैयार किया गया है। प्रत्येक पुस्तक में सम्मिलित कहानियाँ बच्चों के आयुवर्ग और उनकी क्षमता को ध्यान में रखकर लिखी गई हैं। राष्ट्रीय शैक्षिक अनुसंधान और प्रशिक्षण परिषद द्वारा निर्धारित शब्दावली के स्तर और प्रतिमान को पूरी तरह ध्यान में रखा गया है। पुस्तकें बहुरंगी तथा आकर्षक चित्रों से सुसज्जित हैं।

General Knowledge/Semester Series

The World Around Me

An Integrated Course in General Awareness with I.Q. Tests and Word Games

Classes I to V

Anshu Maindiratta

Classes VI to VIII

Rajendra Pal, Madhu Sharma

This thoroughly revised and enriched series of eight books has been designed to promote general awareness among children, arouse their curiosity, and sharpen their observation and thinking, so that they can engage themselves in a meaningful exploration of the world around them.

The areas covered include:

- Salient features of the history, geography and economy of India, science and environment, literature, art and culture, and games and sports.
- Stimulating I.Q. Tests include items on series, figures, numerical ability and reasoning.
- Word Games to enhance brain power and vocabulary.

The books are tastefully illustrated and attractively produced. In view of the highly competitive spirit of the modern times, where a child is expected to exhibit exceptionally high standard of general awareness, here is a series that should form an essential part of the curriculum in every school.

Stepping Stones

Semester Series for Juniors

Classes I to V

Rajendra Pal, Y.P. Verma, Mamta Agrawal,

Dr Archana Agarwal, Anshu Maindiratta

Stepping Stones, the Semester Series, has been devised to reduce the burden of bulky books on the young shoulders.

Salient Features

- A set of comprehensive textbooks consisting of two volumes for each standard, one for each semester.
- The books cover English, Mathematics, Environmental Studies, Science, Social Science and General Knowledge.
- Topics and pieces have been well graded and amply illustrated.
- A variety of activities and exercises at the end of each chapter make learning interesting and keep the child engrossed.

Computer Books

Computer: A Wonder Machine

Classes I to V

Seema Chauhan, Jyoti Gupta

Classes VI to VIII

Seema Chauhan

Computers, which have evolved at a fast pace, are used in almost every sphere of life today. It has hence become imperative for us to know the usage of computers. The series **Computer: A Wonder Machine** has been written to familiarise the young generation with the various features and scope of computers.

The series focuses on:

- facilitating understanding of fundamental computer operations and practices.
- strengthening the ability to use IT tools to accomplish learning tasks.
- inculcating the ability to use communication networks.

ICSE

Computers: Gateway to Digital World

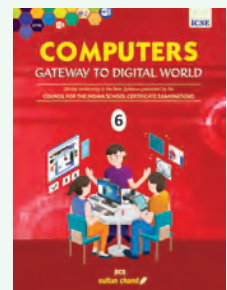

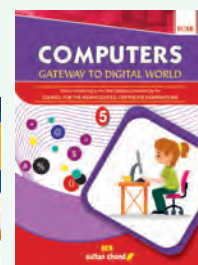

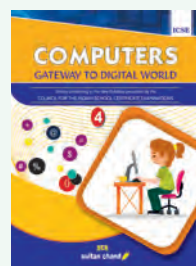

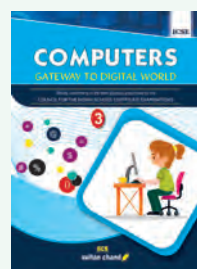

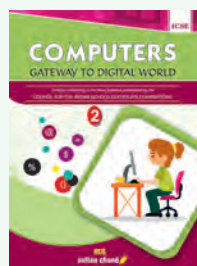

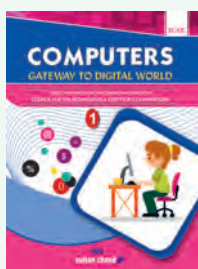

Classes I to VIII

Seema Chauhan

Salient Features

- Conforming to ICSE syllabus.
- Well-defined computer languages.
- File Management, Organization of Data and Word Processing.
- Algorithms, Flow charts, Database.
- Details on how to make effective presentations and develop mobile application.

New Launch

Our Environment

Environmental Studies

Parts 0 to III—Classes KG to III

Parts VI to VIII—Classes VI to VIII

Parts 0 to II Dr Vinod Kumar

Part III Vinay Kumar, Rekha Sharma, Archana Verma

Parts VI to VIII Dr Sarita Kumar, Dr S.P. Chaki

Our Environment is a package consisting of seven books to facilitate the teaching and learning of environmental studies.

Focus Areas

- Development of children's awareness about themselves and their surroundings.
- Interaction with environment in totality.
- Encouragement to skills like observation, recording, reporting, classifying, experimenting, interpreting and inferring.

Salient Features

- An integrated approach as visualised by the NCERT curriculum for environmental studies.
- Sequential progress from the 'self' and the 'immediate environment' to the 'distant environment'.

HAPPINESS: A Treasure Within

Value Education Series—Classes I to VIII

Apoorva Lochan, Srila Basu, Lakshmi Jayaram, Henu Mehtani, Sangeeta Gupta

This series has been designed to provide a holistic educational experience to the young minds through a process of discovery of the treasure—real happiness—which lies within each individual.

Salient Features

- Age-appropriate content, language and approach.
- Interesting stories and anecdotes.
- Activity-intensive.
- Lively illustrations.

Essentials of English Grammar and Composition

Classes I & II

Rajendra Pal

Classes III to VIII

Rajendra Pal, H.C. Katyal

Essentials of English Grammar and Composition is a series of eight books. Parts 1 to 8, to cater to the needs of Indian students in Primary and Middle classes.

Salient Features

- Simple, precise, easy-to-understand definitions.
- A wide variety of exercises including crossword puzzles, word searches, riddles, etc.
- Interesting, easy-to-conduct grammar activities to strengthen conceptual grasp and to promote accuracy and fluency in spoken English.
- Review sections to evaluate learning outcome.
- Vocabulary enrichment.
- Both conventional (essays, paragraphs, letters) and contemporary (messages, notices, e-mails, diary entries, etc.) writing skills.
- Web support for additional practice material.

Essentials of English Grammar and Composition

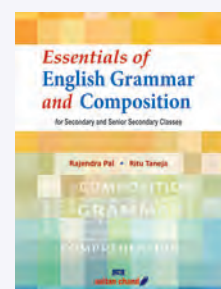

For Secondary and Senior Secondary Classes

Rajendra Pal, Ritu Taneja

The book has been designed to meet the requirements of Secondary and Senior Secondary students. Its comprehensive coverage of grammar, vocabulary, reading and writing skills makes it a useful handbook for ready reference. Readers can flexibly flip through the pages to access their specific problem areas.

Salient Features

- Designed to teach contemporary English.
- Various elements of grammar presented in simple language.
- Focus mainly on the essential aspects of functional grammar.
- Easy-to-understand explanations and tips on usage.
- Exhaustive practice and guidance on structures.
- Emphasis on writing skills relevant to communicative purposes.
- Writing skills include e-mails, notices, brochures, messages, report writing, picture composition, besides the traditional skills of writing paragraphs, essays, letters and stories.

Teacher's Manuals available.

- Web support for additional practice material.

New Launch

Teacher's Manuals available.

Symphony

Fun activities for developing reading and writing skills

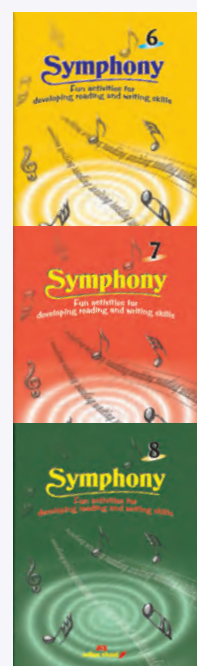

Classes VI to VIII

Meenu Bajaj, Urmila Guliani

This series of three books is an endeavour towards integrated development of reading and writing skills.

Salient Features

- Well-graded reading material that provides a variety of reading experiences.
- Cross-curricular approach to facilitate comprehension of a range of texts and subjects.
- Reading inputs that motivate to read, comprehend and write.
- Guided writing experiences to enhance the young writer's self-confidence.
- Writing tasks for a variety of purposes.

Symphony English

Readers, Activity Books, Literature Readers—Classes I to VIII

**Rajendra Pal, Mamta Agrawal, Urmila Guliani,
Monica Mehra, Shilpa Malik**

Symphony is a series of English course books comprising twenty-four books designed to meet the requirements of children at the Primary and Middle level. It has eight Readers, eight Activity Books and eight Literature Readers (Classes I to VIII).

- **Readers** consist of specially written prose pieces that should be of interest to the children and spur and invigorate their imagination and sensitise them to the current socio-economic and environmental issues confronting the country. These pieces are comprehensively exploited for a harmonious development of the listening, reading, speaking and writing skills of the children.
- **Activity Books** are intended to develop the children's reading and writing skills, to enrich their vocabulary and to acquaint them with basic grammar so that they can speak and write precisely, coherently and correctly.
- **Literature Readers** are meant for extensive reading. They include a wide variety of literary pieces upholding universally acclaimed human values. These will enable the children to read fluently and enjoy and appreciate good literature.
- **References** to relevant sites on the Web will enable children to discover a world of information and construct their own knowledge and understanding.

All the books are aesthetically produced and are being offered at affordable prices.

Teacher's Manuals available.

New

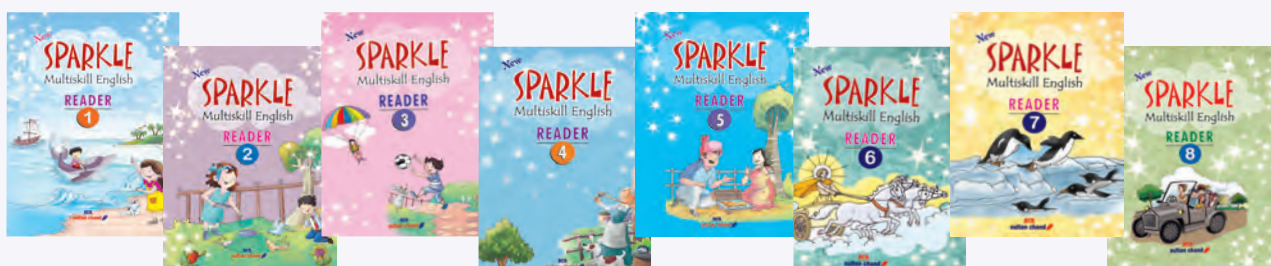

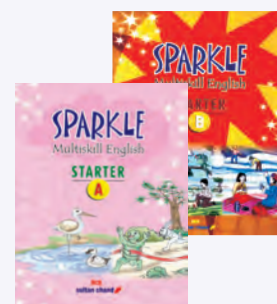

Sparkle Multiskill English

Starters A and B—LKG and UKG
Readers—Classes I to VIII
Activity Books—Classes I to VIII
Rajendra Pal, Mamta Agrawal, Monica Mehra

New Sparkle Multiskill English series, developed on a holistic approach, combines the solid grammar foundation provided by the structural approach with the impressive fluency given by the interactive approach.

Readers comprise both traditional and contemporary writing.

- Selection of pieces covers a wide range—adventure, folklore, humour, wit and wisdom, animal stories and comic strips.
- Age-appropriate and structurally-graded content.
- Interactive approach to stimulate thinking, inculcate discretion and promote human values.

Activity Books focus on the development of important language areas.

- Comprehension through exposure to a wide variety of familiar and unfamiliar reading material.
- Vocabulary through innovative word-building exercises.
- Grammar by taking a functional, informal approach.
- Writing skills relevant to modern contexts—writing dialogues, describing people, places and objects, narrating events and writing letters.

The series, with its attractive layout and multicolour illustrations, is a delightful adventure in language learning for the students and a unique teaching experience for the teachers.

Teacher's Manuals available.

New

Spectrum Interactive English

Readers (Parts 1 to 8)—Classes I to VIII

Workbooks (Parts 1 to 8)—Classes I to VIII

Literature Readers (Parts 3 to 8)—Classes III to VIII

Rajendra Pal, Gopa Biswas, Meenu Bajaj, Urmila Guliani, Kanta Vadehra

New Spectrum Interactive English is an ideal solution for

- development of comprehension skills.
- acquiring a solid vocabulary base.
- interactive activities to sharpen listening and speaking skills.
- learning basic writing skills.

Readers are rich with a variety of themes and activities to stimulate interaction.

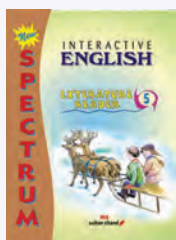

Workbooks, in addition to a strengthened grammar component and emphasis on unseen comprehension passages, have additional practice material for end-session revision/evaluation.

Literature Readers are close to Indian ethos and contain pieces by well-known Indian writers.

Salient Features

- Reading pieces selected with great care to suit the age levels and interests of students.
- Students encouraged to think for themselves and to use English in real-life situations.
- Language items taught in meaningful contexts for better comprehension and assimilation.
- Activity-based exercises that include individual work, pair work, group work and class discussions.
- Exposure to a vast variety of formats—dialogues, posters, letters, advertisements, descriptions, charts, maps, diagrams, etc.

The entire series is tastefully produced and reasonably priced.

Teacher's Manuals available.

Reading Ventures

Classes I to VIII

Rajendra Pal, Mamta Agrawal, Monica Mehra

Reading Ventures is a well-graded series of eight literature readers designed to be used in Classes 1 to 8. The series presents an engaging and balanced mix of literary genres—short stories, poems, plays and prose writings. All pieces are age-appropriate, intellectually compatible and among the best available around the world. They will satisfy all kinds of taste buds, for they encompass humour, fantasy, suspense, adventure, heroism, pathos and more.

The series presents a representative selection of international literature, including the works of celebrated Indian writers, both classical and contemporary. Great care has been taken to select pieces relevant to a child's sensibilities. They make the child aware of important socio-cultural and environmental issues. Nowhere overtly didactic, they are thought-provoking and will help the child cultivate right values through classroom discussion. In particular, they will help the child develop a positive outlook towards life.

Other Important Features

- **Phonics and Spelling.** Books 1 and 2 contain drills that aid pronunciation and spelling.
- **Key Words and Glossaries.** Word lists in Books 1 and 2 contain key words used in the lessons. Books 3 to 8 have exhaustive glossaries.
- **Comprehension.** Comprehension questions include objective-type questions, short-answer questions and long-answer questions. They test factual, inferential as well as evaluative comprehension. Some questions highlight and teach life skills too.
- **Vocabulary Enrichment.** Vocabulary enrichment exercises, apart from teaching the meanings words have in context, explore their other possibilities also. They will develop the vocabulary base of the children, so necessary for developing an exquisite expression. They will both enrich and exhilarate.
- **Appreciating the Poem.** These exercises are designed to enhance the child's aesthetic sensibility, the child's ability to appreciate the finer points of a poem.
- **Discussion and Creative Writing.** These tasks are suitable for pair work, group work and class discussion, where both linguistic and paralinguistic elements can be taken care of. The discussion forms the basis for writing tasks, powerpoint presentations and project work.
- Books 6 to 8 carry notes on important writers along with suggestions for further reading.

Teacher's Manuals available.

ELT (Nepal Edition)

Essentials of English Grammar and Composition

Classes I and II

Classes III to VIII

For Secondary and Senior Secondary Classes

Rajendra Pal

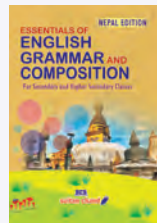

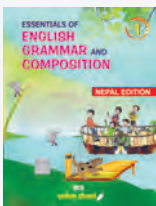

Rajendra Pal, H.C. Katyal

Rajendra Pal, Ritu Taneja

Essentials of English Grammar and Composition is a series of nine books, specially designed for the Nepalese children. While Parts 1 to 8 cater to the needs of students in Primary and Middle classes, the last part is meant exclusively for Secondary and Senior Secondary classes.

Salient Features

- Tastefully illustrated • Simple, precise, easy-to-understand definitions • A wide variety of exercises including crossword puzzles, word searches, riddles, etc. • Interesting, easy-to-conduct grammar activities to strengthen conceptual grasp and to promote accuracy and fluency in spoken English • Review sections to evaluate learning outcome • Vocabulary enrichment
- Emphasis on writing skills relevant for communicative purposes • Writing skills include notices, brochures, messages, report writing, picture composition, besides the traditional skills of writing paragraphs, essays, letters and stories • Web support for additional practice material

Teacher's Manuals available.

Magpie English

Readers and Activity Books—Classes I to VIII

Literature Readers—Classes III to VIII

Rajendra Pal, Mamta Agrawal, Urmila Guliani,
Ritu Taneja, Monica Mehra

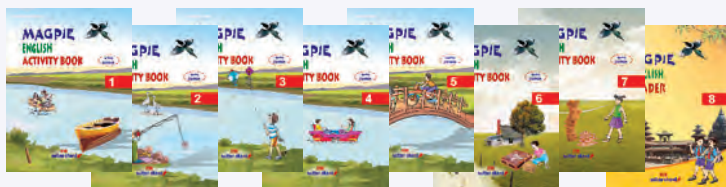

Magpie English Series has been specially designed for Primary and Middle classes in Nepal.

Nepal is geographically aloof but culturally rich, inhabited mostly by people having hardy and rustic exteriors but simple and sincere at heart. Besides, it is a young democracy grappling with several environmental and developmental issues. It has its own peculiar ethos. That is why **Magpie English Series**, designed with all these aspects in mind, should prove to be eminently suited for classroom use in Nepal.

The series is prepared on a communicative approach aimed at the simultaneous and harmonious development of the four basic language skills with a slightly greater emphasis on reading, comprehension and listening skills. It gives due weightage to pronunciation, grammar and spelling as well.

Adequate web support is available to make classroom teaching an exciting experience.

Magpie English Series has been prepared by a team of distinguished ELT experts. It has also been reviewed and approved by experienced English teachers teaching in prestigious public schools in Kathmandu. Two of the authors have personally interacted with English teachers drawn from a wide spectrum of public schools in Kathmandu and Lalitpur.

Teacher's Manuals available.

संचिका

पाठ्यपुस्तकें—कक्षा 1 से 8 के लिए
डॉ. अर्चना अग्रवाल

अभ्यास पुस्तिकाएँ—कक्षा 1 से 8 के लिए

संचिका की महत्वपूर्ण विशेषताएँ

- नवीन गतिविधियों द्वारा भाषा ज्ञान।
- समझ का विस्तार कराने वाली गतिविधियाँ।
- सुलेख एवं श्रुतलेख द्वारा भाषा का अभ्यास कराना।
- नई राष्ट्रीय शिक्षा नीति के मानदंडों पर आधारित।
- लयबद्ध, तुकांत एवं गेय रचनाओं का प्रस्तुतीकरण।
- पाठ्य-सामग्री एवं अभ्यास द्वारा भाषा के चारों कौशलों का विकास।
- नाटक एवं कहानी के पात्रों का अभिनय/रोल प्ले के लिए प्रोत्साहित करना।
- यात्रा-वर्णन, विचार-वर्णन, चित्र-वर्णन, संवाद-लेखन एवं मौलिक कहानी-लेखन को प्रोत्साहन देना।

अनुपम लेखन अभ्यास माला

भाग 1-5

छात्रों में सुंदर एवं शुद्ध लेखन की ओर रुचि विकसित करने में दो रंगों में मुद्रित अनुपम लेखन अभ्यास माला बहुत उपयोगी है।

अनुपम हिंदी रचना

भाग 1-5

डॉ. रवींद्र दरगन

- छात्रों के ज्ञान-क्षेत्र के विस्तार के साथ उनमें अभिव्यक्ति-क्षमता के क्रमिक विकास का प्रस्तुतीकरण।
- मनोवैज्ञानिक ढंग से भाषा-शिक्षण का प्रस्तुतीकरण।
- मात्राओं, अनुस्वार, चंद्रबिंदु, संयुक्ताक्षर आदि का स्पष्ट एवं निभ्रांत बोध।
- व्याकरण के विभिन्न अंगों का सचित्र निरूपण।
- बहुरंगी आवरणयुक्त साज-सज्जा की दृष्टि से आकर्षक।

प्रायोगिक हिंदी एवं व्याकरण अभ्यास पुस्तिका

कक्षा 6 से 10

डॉ. प्रदीप कुमार जैन

- हिंदी भाषा के विभिन्न बिंदुओं का समन्वय।
- भाषा की व्यावहारिकता या संप्रेषणात्मकता पर आधारित।
- सरल एवं रोचक ढंग से पाठ्य बिंदुओं का प्रस्तुतीकरण।
- संज्ञा, सर्वनाम तथा विशेषण आदि विषयों का क्रमबद्ध प्रस्तुतीकरण।
- अभ्यास में सभी विषयों का चयन छात्रों की रुचि के अनुसार।

नवीन प्रकाश-पुंज

भाग 1-8, पूरक पठन (Supplementary Readers) की पुस्तकें

डॉ. शशिकुमार शर्मा, डॉ. वाचस्पति कुलवंत, डॉ. अर्चना अग्रवाल

- प्रत्येक भाग में 14-14 विविधतापूर्ण कहानियाँ।
- रंगीन चित्रों व रोमांचकारी कहानियों का अद्वितीय संग्रह।
- अच्छाई, कल्पना, विवेक और संवेदन जगाने वाली।
- चरित्र निर्माण और व्यक्तित्व का विकास करने वाली।
- छात्रों की मानसिक क्षमता एवं भाषा की पटुता और रुचियों के अनुरूप।
- कहानियों की भाषा प्रवाहपूर्ण, वाक्य पौने और शब्द सरल।
- बोध और विचार से संबंधित, विविध और चुनौती भरे प्रश्न।

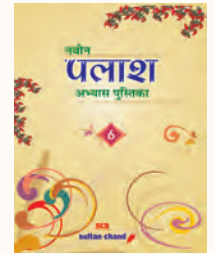

नवीन पलाश

पाठ्यपुस्तकें—कक्षा 1 से 8 के लिए अभ्यास पुस्तिकाएँ—कक्षा 1 से 8 के लिए
डॉ. अर्चना अग्रवाल

नवीन पलाश के आकर्षक बिंदु

- राष्ट्रीय शैक्षिक अनुसंधान और प्रशिक्षण परिषद द्वारा निर्धारित पाठ्यक्रम।
- नवीन गतिविधियों द्वारा भाषा-ज्ञान।
- लयबद्ध, तुकांत एवं गेय रचनाओं का प्रस्तुतीकरण।
- रोचक विषय-वस्तु का चुनाव।
- नैतिक, सामाजिक और राष्ट्रीय मूल्यों का समावेश।
- सुंदर, सजीव तथा आकर्षक चित्रों के माध्यम से बच्चों की अवलोकन क्षमता का विकास।
- मानव संसाधन विकास मंत्रालय द्वारा निर्धारित मानक वर्तनी का प्रयोग।
- बच्चों के मानसिक एवं बौद्धिक स्तरानुकूल।
- पाठ्य-सामग्री एवं अभ्यास द्वारा भाषा के चारों कौशलों का विकास।
- सरल एवं सुबोध प्रवाहपूर्ण भाषा का प्रयोग।

आशा है कि नवीन पलाश पाठ्यपुस्तकें हिंदी और अहिंदी दोनों ही प्रदेशों के अध्यापकों और छात्रों को पसंद आएँगी। साथ ही हिंदी पठन में छात्रों की कुशलता और रुचि उत्पन्न करने में सहायक होंगी।

व्याकरण निधि

(प्राथमिक एवं माध्यमिक कक्षाओं के लिए व्याकरण की अनूठी पुस्तकमाला)

डॉ. रवींद्र दरगन

- व्याकरण के आधारभूत नियमों का सरल एवं सुबोध प्रवाहपूर्ण ढंग से जीवन मूल्यों से ग्रहीत उदाहरणों के माध्यम से विषय में रोचकता एवं सहज-ग्राह्यता का समावेश।
- पर्याप्त संख्या में आकर्षक एवं अर्थपूर्ण चित्रों की सहायता से पाठ्य-सामग्री का सहज-अलंकृत संस्थापन।
- प्रश्न-अभ्यास की सुविचारित प्रस्तुति द्वारा पाठ्य-सामग्री के पुनर्निरीक्षण की सार्थक एवं कल्पनाशील योजना।
- छात्रों की आयु एवं उनके अनुभव जगत् के समानांतर चिंतन एवं अभिव्यक्ति के विधान द्वारा रचनापरक सामग्री का अनुस्तरित नियोजन।
- छात्रों में मौलिक चिंतन के प्रेरक संकेत-सूत्रों का अंतर्ग्रथन।

व्याकरण आलोक

कक्षा 6 से 8 के लिए

डॉ. रवींद्र दरगन

- वर्ण, शब्द एवं वाक्य संबंधी सभी पक्षों का सरल ढंग से प्रस्तुतीकरण।
- अत्यंत सरल व सहज भाषा का प्रयोग।
- सुनियोजित ढंग से अभ्यास का प्रस्तुतीकरण।
- विषय-वस्तु के रूप में संवाद, कहानी, प्रतिवेदन, पत्र, तार एवं निबंध लेखन की विधि का क्रमबद्ध प्रस्तुतीकरण।
- प्रमुख अलंकारों तथा व्याकरण के व्यावहारिक बिंदुओं का समावेश।

व्याकरण परिमल

प्रवेशिका एवं भाग 1-5—कक्षा 3 से 8 के लिए

डॉ. रवींद्र दरगन

- मौलिक चिंतन के लिए प्रेरक सामग्री से समन्वित।
- छात्रों के मानसिक स्तरानुसार व्याकरण के सिद्धांतों का प्रस्तुतीकरण।
- भाषा-शैली प्रांजल एवं आकर्षक।
- अभ्यासों एवं प्रश्नों का अनुस्तरित एवं नियोजित विधान।
- प्रत्येक भाग में स्तरानुरूप रचना-खंड का संयोजन।

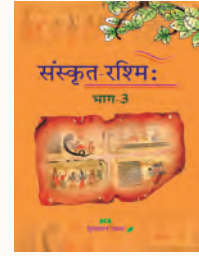

संस्कृत-रश्मि:

भाग 1-4—कक्षा 5 से 8 के लिए
डॉ. कांशीराम, डॉ. सन्ध्या राठौर

संस्कृत-रश्मि: के आकर्षक बिंदु

- व्याकरण संबंधी मूलभूत बातों का स्पष्टीकरण।
- विविध क्रियाओं का बोध कराने वाली धातुओं का छोटे-छोटे वाक्यों द्वारा स्पष्टीकरण।
- सामान्यज्ञानोपयोगी बातों को संस्कृत भाषा के माध्यम से सिखाने का प्रयास।
- साहित्य की नवीन विधाओं (पत्र तथा प्रहेलिका) का समावेश।
- चतुरता, कौशल, उदारता, वीरता, कृतज्ञता और सत्यवादिता आदि गुणों का विकास।
- संस्कृत की विविध विधाओं नाटक, काव्य, कथा, चित्रण आदि का समावेश।

इन सभी पुस्तकों की शिक्षक संदर्शिकाएँ भी उपलब्ध हैं।

अभ्यास-रश्मि:

भाग 1-4—कक्षा 5 से 8 के लिए
डॉ. कांशीराम, डॉ. सन्ध्या राठौर

- अंग्रेज़ी या हिंदी से संस्कृत भाषा में अनुवाद करने के सिद्धांतों का बालोपयोगी ढंग से प्रस्तुतीकरण।
- धातुरूप, नामरूप तथा शब्दरूपों का संकलन।
- विषय को रुचिकर बनाने हेतु चित्रों का समावेश।

गिआन रिश्मा (Gyan Rishma)

Pre-Primer, Primer and for Classes I to V
Tara Singh Anjan, N.R. Goel

Gyan Rishma is a series of Punjabi textbooks specially prepared for the children of Pre-Primary and Primary classes. It focuses on developing all four skills—listening, speaking, reading and writing. It consists of poems, stories, biographies and other prose pieces conforming to the mental and psychological level of the students. The series aims to teach not only the Punjabi language but also inculcate moral values in the young learners. To make the books more acceptable to the students worldwide, standard Punjabi language has been used in place of dialects. Activity-based exercises with sufficient practice of grammar items have been added to lessons which help cement the acquired knowledge.

Teaching points have been given, where required, to help the teachers make the Punjabi language teaching more effective.

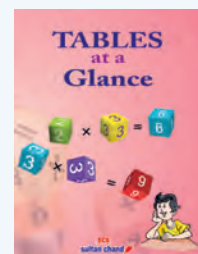

Tables at a Glance

This is a useful book for students of primary classes. Its main focus is on:

- Multiplication tables from 2 to 20.
- Metric system of measuring length, weight and capacity.
- Indo-Arabic, Roman and Hindi numerals.
- Numbers in both Indian and international system.
- Classification of numbers, measure of time, telling the time, calendar (Saka calendar too!), mathematical symbols, geometrical shapes, Indian currency system.

The book, with a multicolour laminated cover, contains ample illustrations.

Mathematics for Fun and Creativity

Part I—Age group 9-13

Part II—Above 13 years

R.S. Lugani, S.C. Anand, Achuthan Madhav, R.K. Bhatia

This series of two books has been designed to inspire children to explore Mathematics and discover its magic by themselves. The learning activities include puzzles, tricks with numbers, alternative approaches to the same problem and shortcuts. These are sure to capture children's imagination and facilitate development of their ability to work with numbers.

The books are profusely illustrated and tastefully produced.

Mastering Mathematics

Drill Exercises

Classes I to V

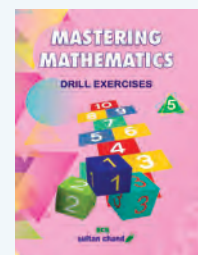

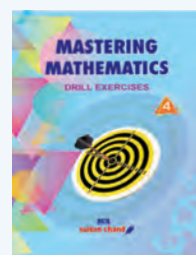

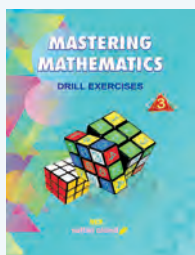

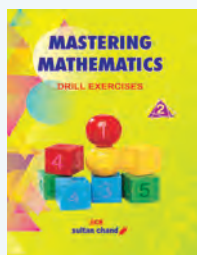

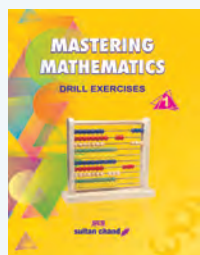

S.C. Arora, Mamta Bhatnagar

This series of five books is designed to strengthen the understanding of mathematical concepts among primary school children and sharpen their computational skills.

Salient Features

- Carefully framed and graded drill exercises to reinforce and ensure conceptual grasp.
- Test exercises and test papers for a systematic review of the child's progress.

This series can be used as a set of workbooks to supplement our textbook series, New Systematic Mathematics, or independently.

Maths Mantra

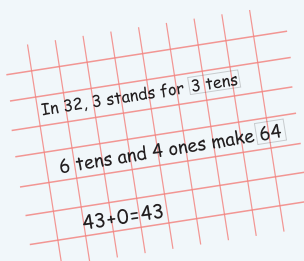

Classes I to V

Preetika Sawhney

This series of five books, inspired by the NCERT syllabus, offers supplementary enrichment material for children.

Salient Features

- Carefully designed and graded exercises to strengthen understanding of the basic mathematical concepts and their application in a variety of situations.
- Practice Exercises, Test Exercises and Test Papers for a continuous systematic review of the child's grasp of various concepts.

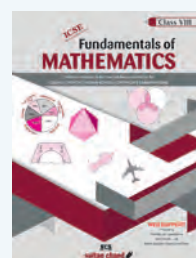

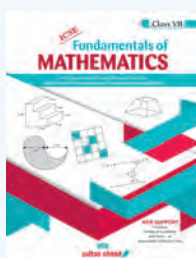

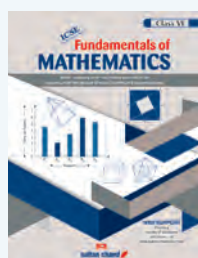

ICSE
New Curriculum Based

Fundamentals of Mathematics

Classes VI to VIII

Anil Kr. Sharma

- Written strictly in accordance with the New Syllabus prescribed by the Council for the Indian School Certificate Examinations, New Delhi.
- Description in simple and engaging language.
- **Practice Exercises** graded in terms of difficulty level of questions, strengthening formation of concepts and refining the skills developed.
- **Self-Assessment Exercise** at the end of each chapter for self-evaluation.
- **Math Lab Activity** at the end of each chapter for concept formation, motivating the learner to perform. (*Exclusive Feature*)
- **Sharpen Your Skills!** providing age-appropriate challenging questions, motivating students to solve on their own. (*Exclusive Feature*)
- **Web Support**—providing a wide selection of questions for those who want to practise more.
- **Teacher's Manuals** available.

New Fundamentals of Mathematics is also available for Classes IX and X. (See Page 43)

Mathematics

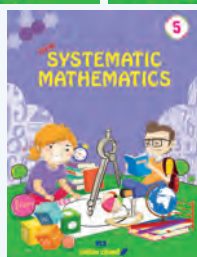

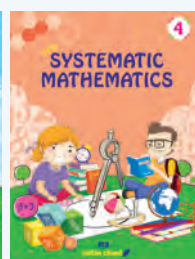

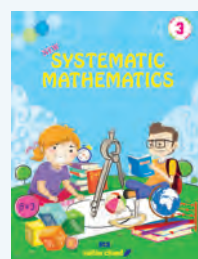

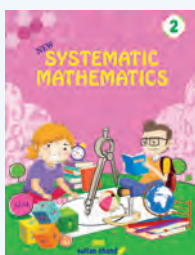

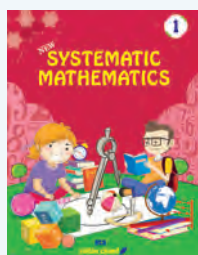

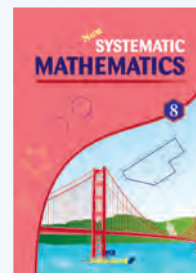

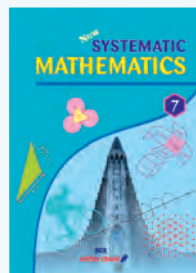

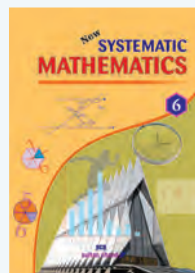

New

Systematic Mathematics

Classes VI to VIII

Anil Kr. Sharma

- The book is written strictly according to the prescribed syllabus.
- The basic concepts, mathematical principles and operations included in the topics of the syllabi are presented in an informal and easy to understand language.
- **'Sharpening Your Understanding'** is a section where the questions are challenging and propel the students to think logically and reason out scientifically to solve the same. *(Exclusive Feature)*
- A colourful section on **'Mathematics Laboratory Activities'** is a fruitful diversion from usual rigours and provides an opportunity for clarifying the concepts by doing. *(Exclusive Feature)*
- **'Review Test-I'** and **'Review Test-II'** are practice tests for the students to assess themselves. *(Exclusive Feature)*
- **Teacher's Manuals available.**

New

Systematic Mathematics

Classes I to V

Y.P. Verma

This series has been designed to give children adequate knowledge of mathematical terms, symbols and concepts, and to enable them to develop mastery over the basic mathematical processes. The series aims at arousing curiosity in children to study the subject further.

Salient Features

- Written according to the latest syllabus prescribed by the NCERT.
- Informal and lucid style.
- Profusely illustrated.
- Elegantly produced.
- Equally suitable for ICSE schools.
- **Teacher's Manuals are available.**

New Systematic Mathematics is also available for Classes IX and X. (See Page 36)

Science Around Us

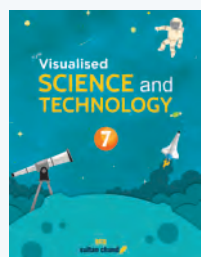

Parts 0 to V—Classes KG to V

V.K. Sharma (Parts I and II), Vinod Kumar (Parts III to V)

Science Around Us is a package of six books to facilitate the teaching learning of science in Upper Nursery to Class 5.

The series has the following features:

- Based on the latest NCERT syllabus and equally suitable for the schools following the syllabi of the Council for the Indian School Certificate Examinations and other State Boards.
- Each lesson includes a résumé/few well-graded exercises/activities which invite greater participation of the children in the learning process.
- Combines the features of a Textbook and Workbook for better comprehension of facts.
- Language is lucid and easy to understand.

New Visualised Science and Technology

Classes VI to VIII

N.K. Sehgal, Dr Sarita Kumar, Jayashree Raman

- Course content based on the NCERT syllabus.
- Well-structured and lucidly explained scientific principles.
- Concepts explained through real-world examples and situations.
- Illustrative diagrams to complement the text.
- Linked reinforcement activities under **Let Us Do**.
- **Fact Sheet** and **Do You Know** to develop additional awareness.
- **HOTS Questions** incorporated in each chapter.

Visualised Science is also available for Classes IX and X. (See Page 41)

ICSE Exploring Biology

Classes VI to VIII

Dr Sarita Kumar

The books are written strictly in accordance with the New Syllabus prescribed by the Council for the Indian School Certificate Examinations, New Delhi.

Salient Features

- Description in simple and engaging language.
- Development of concepts in easy-to-grasp manner.
- Appropriate colourful visuals and illustrations supporting right formation of concepts.
- Each chapter begins with listed 'Learning Outcomes' and a motivational quote.
- Each chapter includes an appropriate number of activities and experiments.
- 'Summary Tables' and 'Flow Diagrams' form an important part of the content in each chapter.
- Each chapter concludes with broad-based 'Exercises' covering *Knowledge-based Questions; Understanding-based Questions; Reason-based Questions; Skill-based Questions* and *Project Work*.

ICSE Exploring Physics

Classes VI to VIII

N.K. Sehgal

The books strictly conform to the New Syllabus prescribed by the Council for the Indian School Certificate Examinations, New Delhi.

Salient Features

- Simple and engaging language.
- Development of concepts in easy-to-grasp manner.
- Colourful visuals and illustrations supporting right formation of concepts.
- Each chapter begins with listed 'Learning Objectives'.
- Each chapter includes an appropriate number of activities and experiments.
- 'Something to Know', 'Key Words', 'Points to Remember' and 'Things to Do' form an important part of the content of each chapter.
- Each chapter concludes with broad-based 'Exercises' covering assessment of concepts formed and skills developed.

A Textbook of Social Sciences

National Identity Series

Classes III to V

Dr Archana Agarwal

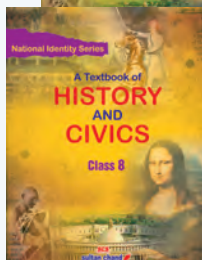

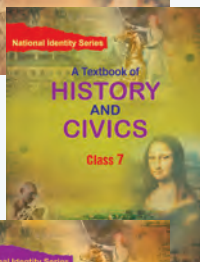

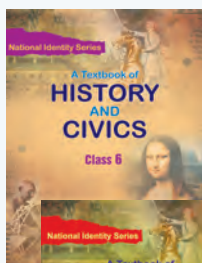

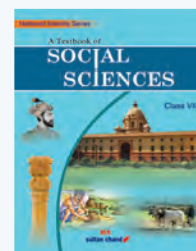

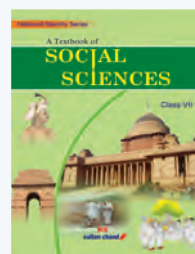

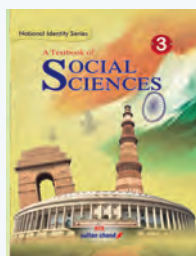

Classes VI to VIII

Anita Devraj, Kuldeep Agarwal, Subhashini Sinha

Each book in the series is based on the syllabus prescribed by the NCERT and covers Geography, History and Civics for Classes III to VIII. These textbooks introduce the three vital branches of Social Sciences in an integrated, informative and interesting manner.

The series has been produced to develop:

- an appreciation of the growth of various components of Indian culture.
- an understanding of the diversities of land and people of India and the world.
- an awareness of the current processes of change and related issues and challenges.
- an understanding of the natural and human resources and their potentialities for a better tomorrow.
- a scientific temper and objective thinking, free from all kinds of stereotyped images.

ICSE

A Textbook of History and Civics

National Identity Series

Classes VI to VIII

Anita Devraj, Kuldeep Agarwal

This series, consisting of three books, revives the ancient glory, and the material, intellectual as well as spiritual wealth that was ours at one time.

The ultimate aim of the series is to lead the young minds towards

- achieving a sense of national identity and pride in being an Indian.
- integrating indigenous knowledge and recognising India's contribution to the world civilisation.
- value development.

CLASSES IX and X

New Systematic Mathematics

Classes IX and X

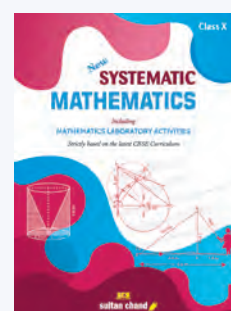

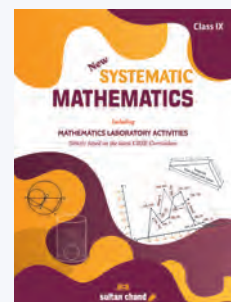

Anil Kr. Sharma

These books, written in accordance with the latest CBSE syllabus and guidelines, intend to provide students with a better understanding of the relevant mathematical concepts and adequate practice in their application.

The special approach of the books meets the needs of all kinds of students.

Salient Features

- Concepts explained in simple and lucid language with the help of several thoughtfully chosen illustrations for an easy grasp by the average and below-average students.
- Sufficient material requiring a sophisticated degree of reasoning and intellectual acumen for the benefit of above-average students.
- A large number of worked-out examples to familiarise the students with a wide range of mathematical problems.
- Self-Practice Test Papers instil a greater degree of confidence in students.
- Mathematics Laboratory Activities included in these books help in right concept formation and development of related skills.

Visualised Science Lab Manual

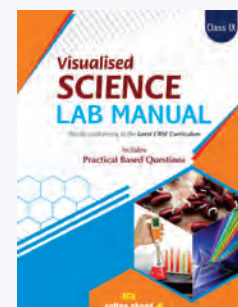

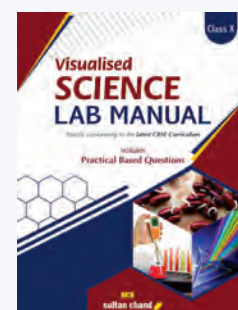

Classes IX and X

Sushma Sardana, Anju Sachdeva, Vibha Arora

The books have been designed to equip the students with skills required for the practical examination as well as for the written test on practical skills under the restructured design of the question paper.

Salient Features

- Experiments with clear and comprehensive instructions.
- Basic principles underlying the experiments explained before every experiment to reinforce knowledge.
- Exhaustive set of Viva Voce and Multiple Choice Questions at the end of each experiment listed in the syllabus to make for a wholesome preparation.

Visualised Science Physics

Classes IX and X

Pankaj Tyagi

Visualised Science Chemistry

Classes IX and X

P.N. Kapil

New Launch

Visualised Science Biology

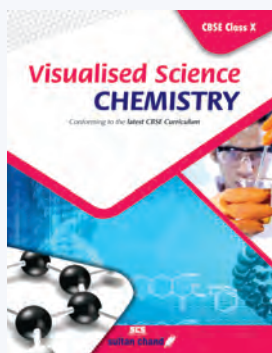

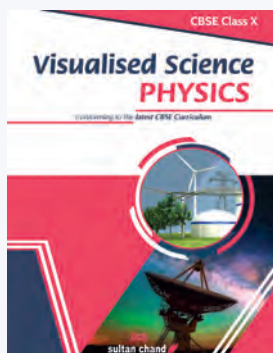

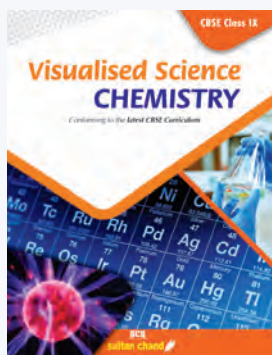

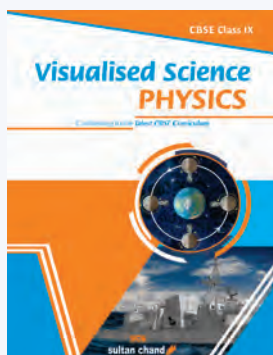

Classes IX and X

Dr Sarita Kumar

The books are written strictly in accordance with the CBSE syllabus and guidelines.

Salient Features

- Simple and straightforward language and a logical and easy-to-grasp format.
- Typical Sample Questions with Answers and Review Questions after each topic.
- NCERT In-text Questions and Exercises with Answers along with HOTS and Previous Years' Examination Questions.
- Objective Type Questions included to ensure comprehensive understanding of the subject. Previous years' CBSE examination questions too included in each chapter.
- Activities included in each chapter help students in the right formation of concepts and development of related skills.
- Self-Practice Test Papers, a value-added feature.

CBSE Textbooks

Double Entry Book Keeping

Financial Accounting—Class XI

Accounting for Not-for-Profit Organisations and Partnership Firms (Volume I)—Class XII

Accounting for Companies (Volume II)—Class XII

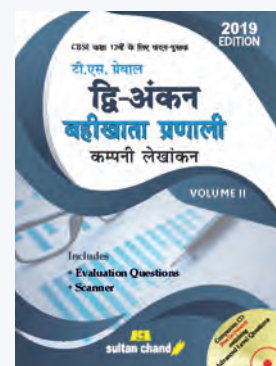

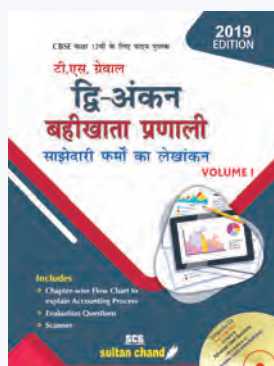

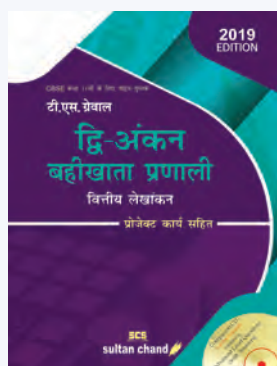

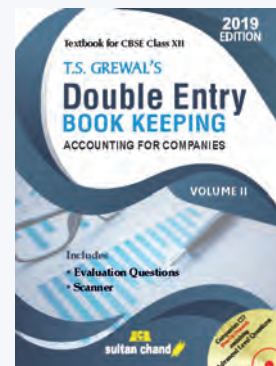

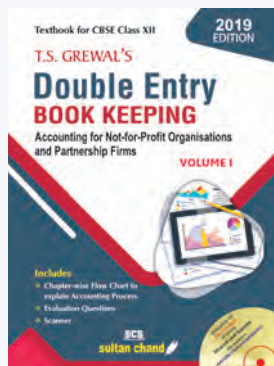

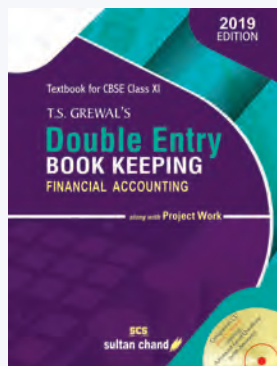

T.S. Grewal, H.S. Grewal, G.S. Grewal, R.K. Khosla

The textbooks present a modern approach to accounting through the use of accounting equations and include necessary material to provide a sound conceptual base to accounting theory.

Salient Features

- Accounting formats, tables and several diagrams and illustrations pertaining to the entire book-keeping process.
- Systematically planned chapters with learning objectives enumerated in the beginning.
- A large number of examples interspersed throughout the text.
- Summary and essay type, short answer type and objective type questions at the end of each chapter.
- Weightage to each topic as per the marks and periods allotted by the CBSE.
- Class-tested and well-graded material.
- Solved important questions from previous years' examinations interspersed throughout the text.
- Appendix I (Scanner) and Appendix II (Glossary) to facilitate quick reference.
- Scanner of Questions, both theory as well as practical, set in previous years' exams and Sample Papers.
- Accounting process and entries explained at chapter-end with the help of Flow Chart.

(Available both in English and Hindi)

CD content can also be accessed at www.sultan-chand.com/ws

Analysis of Financial Statements

(Including Project Work)

Class XII

T.S. Grewal, H.S. Grewal, G.S. Grewal, R.K. Khosla

The book has been designed strictly as per the CBSE syllabus for Class XII.

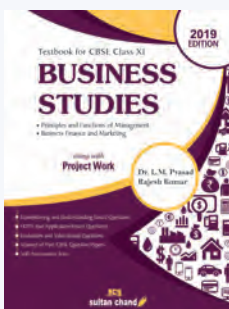

Salient Features

- Due weightage to each topic according to the marks and periods allotted by the CBSE.
- Class-tested and well-graded material written in lucid style and simple language.
- Accounting formats, tables and illustrations to explain the subject material in an easy-to-understand style.
- HOTS Questions in each chapter.
- Exhaustive set of essay type, short answer type and evaluation questions at the end of each chapter.
- Latest Board examination questions with solutions.
- Project Work, Scanner and Model Test Papers also included.
- Companion CD containing key terms, summary and sizeable number of Practical Questions.

(Available both in English and Hindi)

CD content can also be accessed at www.sultan-chand.com/ws

Business Studies

Classes XI and XII

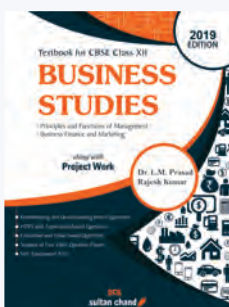

Dr L.M. Prasad, Rajesh Kumar

This set of two books has been specially developed for the students of Classes XI and XII in accordance with the latest CBSE syllabus.

The entire syllabus has been divided into a number of smaller units with a view to simplifying the content.

Salient Features

- Each chapter starts with a presentation of practices adopted by a prominent organisation relevant to the chapter.
- Relevant business practices have been presented topic-wise.
- Each chapter contains an Opening Quote, Relevant Subject Matter, Summary, Key Concepts for Review Questions and Scanner of Past CBSE Question Papers. At the end of the book, Glossary, CBSE Sample Question Papers, CBSE Examination Question Papers and Model Question Papers have been given.

Introductory Macroeconomics

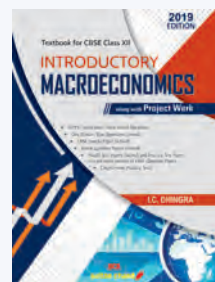

Class XII

I.C. Dhingra

The book, having an exam-centred approach, generates confidence in students to be among the top scorers in the Board examination.

Salient Features

- **Key terms and concepts** explained at the outset to equip students with the necessary vocabulary.
- Questions based on **Higher Order Thinking Skills (HOTS)** covering important aspects of the subject.
- **Application-Oriented Questions** added at the end of each chapter.
- A large number of **Solved Numerical Problems** and **Give Reason Type Questions** appended.
- **Solved Practical Exercises** serve as useful tools in understanding concepts.
- Ample graphs and diagrams to help simplify the subject matter.
- An exhaustive list of questions at the end of each chapter aids revision and comprehension of the subject.

Indian Economic Development

Class XII

V.K. Puri

The book is designed to enable the students to understand, analyse and easily grasp the various facets and phases of India's economic development since independence. Each topic in the book has been dealt with in such a manner so as to provide necessary knowledge with an in-depth analysis of the subject matter. Efforts have been made to incorporate latest available material and statistical information pertaining to various aspects of the economy. The book is expected to contribute enormously to the knowledge, understanding and performance of the students.

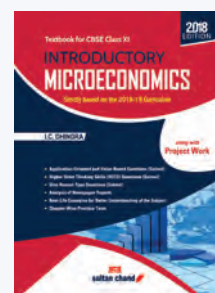

Introductory Microeconomics

Class XI

I.C. Dhingra

Salient Features

- Subject matter presented in small, simple and digestible prose.
- **Key terms and concepts** explained at the outset to equip students with the necessary vocabulary.
- Questions based on **Higher Order Thinking Skills (HOTS)** covering important aspects of the subject.
- **Application-Oriented Questions, Solved Numerical Problems** and **Give Reason Type Questions**.
- **Solved Practical Exercises** serve as useful tools in understanding concepts.
- Ample graphs and diagrams to help simplify the subject matter.
- An exhaustive list of questions at the end of each chapter will aid revision and comprehension of the subject.

Statistics for Economics

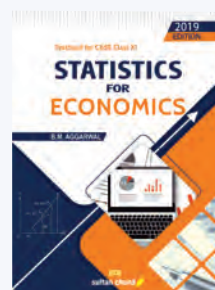

Class XI

B.M. Aggarwal

The book deals with the subject from its origin in an exhaustive manner.

Salient Features

- Carefully selected solved examples to explain practical applications of all concepts.
- Each chapter appended with a variety of objective questions.
- Additional objective questions.
- Three Model Test Papers based on the pattern of Board examination.

Computer Science with Python

Class XI

Class XII

Preeti Arora

Computer Science with Python aims at providing an in-depth understanding of the CBSE curriculum. It focuses on teaching the Python language to help students learn programming concepts and develop problem-solving skills. With easy-to-understand examples, pseudo-code, flow charts, and other such tools, the student learns to design the logic for a program and then implement that program using Python.

Salient Features

- Programming in Python
- Computer System Organization
- Cyber Safety
- Viva Voce
- Web Support: PowerPoint Presentation, Program Codes, Practice Test Papers, Practical File, and Python and MongoDB Software Dump (visit www.sultan-chand.com/ws)
- Exception Handling
- Relational Databases (SQL) and NoSQL Databases (MongoDB)
- Installation Guide

New Launch

Computer Science with C++

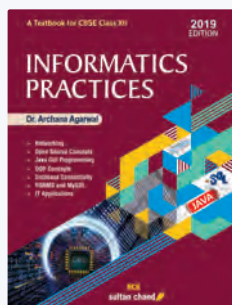

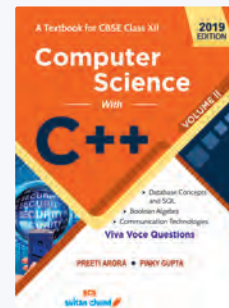

Class XII (Vol. I & II)

Preeti Arora, Pinky Gupta

Computer Science with C++ offers students a complete package on the subject. Presented in two volumes, the books provide students a strong foundation in the design, construction and analysis of programs and develop in them problem-solving skills associated with the study of Programming in C++.

Salient Features

- Fully tested and debugged programs; Each program followed by output window.
- Fully tested projects with screenshots.
- Viva Voce questions with answers.
- Web Support: Solved CBSE Sample Papers, 2014, 2015, 2016, 2017 and 2018 Board Papers (as Model Test Papers), Unsolved Practice Papers, Project Templates and PowerPoint Presentations (visit www.sultan-chand.com/ws)

Informatics Practices (Old Syllabus)

Class XII

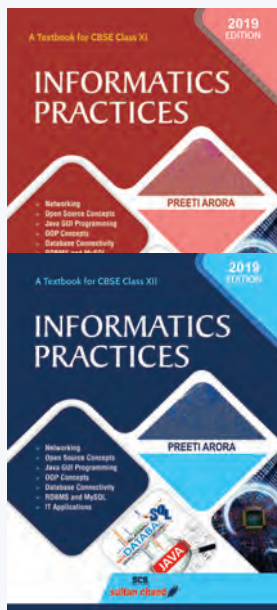

Dr Archana Agarwal

Informatics Practices, designed with the precise objective of inculcating programming and IT skills among students, promises a rich and interactive learning experience for them.

Key features

- CTM (Commit to Memory) comprising important terms and concepts.
- Learning Tips presented with interesting facts pertaining to the subject matter.
- Ample programs and examples to involve the students in the learning process.
- Self-explanatory figures and actual screenshots of programs.
- Code explanations to help students better understand code elements.
- Solved Board Papers.
- Web Support: Presentations, Sample Papers, Code, Practical File, IP Projects and Software Dump (visit www.sultan-chand.com/ws)

Releasing Shortly

Informatics Practices (New Syllabus)

Classes XI and XII

Preeti Arora

The book aims to provide the simplest way to make the students improve logic development and program designing using Python along with ample exposure to an important field of Data Analytics using Pandas.

Key Features

- Simplified explanations with examples especially of data handling concepts, viz. working with Python Pandas, Numpy, Pyplot and detailed concepts of software engineering.
- CTM (Commit to Memory) comprising important terms and concepts.
- Learning Tips presented with interesting facts pertaining to the subject matter.
- Ample programs and examples to involve the students in the learning process.
- Self-explanatory figures and actual screenshots of programs.
- Code explanations to help students better understand code elements.
- Web Support: Presentations, Sample Papers, Code, Practical File, IP Projects and Software Dump (visit www.sultan-chand.com/ws)

Mathematics

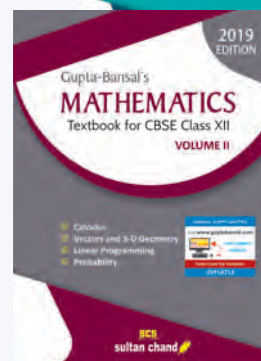

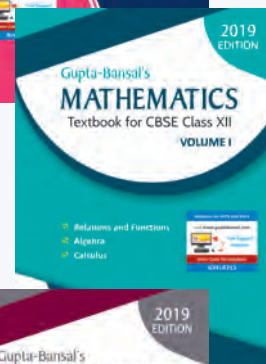

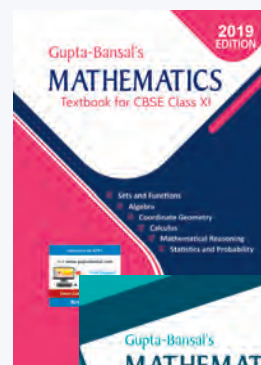

Class XI

Class XII (Vol. I & II)

Dr V.K. Gupta, Dr A.K. Bansal, P.K. Bansal

Key Features

- Written strictly in accordance with the latest CBSE curriculum.
- All theoretical explanations and situations arising therefrom, supported by relevant solved examples, thoughtfully arranged for the right formation of concepts and development of applicable skills.
- Detailed step-by-step solutions to examples to ensure proper understanding of each step.
- **HOTS (Higher Order Thinking Skills)**—Each chapter contains questions with solutions, requiring application of superior skills and facts besides proper understanding of relevant theory.
- **APPs (Additional Practice Problems)**, a set of select problems in each chapter for additional practice.
- **PACE (Problems Asked in CBSE Exams)**—A separate section in each chapter which includes problems asked in previous years' Board examinations.
- An authentic and self-sufficient source of study and preparation for the Board examination.
- **Web Support**—To access complete solutions to all problems given in APPs and PACE sections and other exam-related material, visit www.guptabansal.com

CLASSES IX and X

New

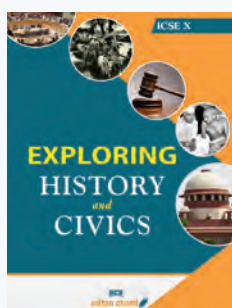

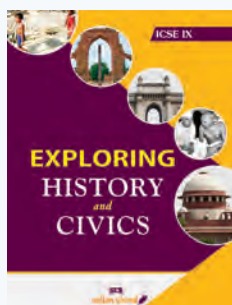

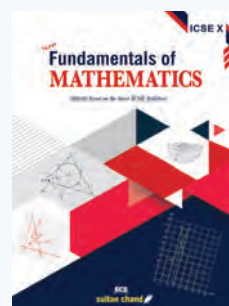

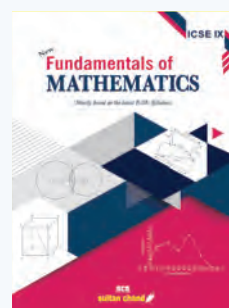

Fundamentals of Mathematics

Classes IX and X

Anil Kr. Sharma

The books, conforming to the latest ICSE syllabus, offer a refreshingly new approach to the fundamentals of mathematical concepts and their applications.

- The books are written in an informal style and simple language for easy comprehensibility.
- The organisation and exposition of the matter is such that the books are largely self-teaching, not in the mechanistic manner of the 'programmed' material, but in a thoughtful and meaningful way.
- A large number of illustrative examples and frequent references to real-life situations ensure that students fully grasp all the relevant concepts.
- Adequate, imaginative and well-graded exercises make for a wholesome preparation.
- Each chapter contains 'ICSE Examination Questions for Practice' in the book for Class X.
- Guidelines provided to carry out projects enlisted in the syllabus.

Exploring History and Civics

Classes IX and X

Shyamantika Sethi

The books offer an effective and engaging text in a logical and systematic manner to make assimilation of facts easier and learning of History and Civics more interesting.

Salient Features

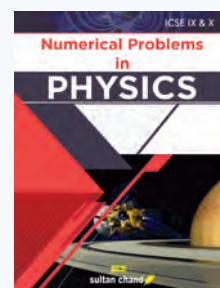

- A good mix of relevant illustrations, photographs and maps to reinforce the written material.
- 'Points to Remember' in Civics section to help understand important terms.
- 'Timeline' in History chapters to keep a 'period perspective' and aid understanding of the cause and effect sequence.
- Short Answer and Long Answer Questions for internal assessment.
- Solved Board Papers and Guidelines for Project Work as prescribed by the ICSE.
- Model Test Papers for practice purpose.

Numerical Problems in Physics

Classes IX and X

B.L. Dhar

This revised book fully meets the ICSE syllabus requirements for Classes IX and X. Important definitions and formulae have been introduced in a student-friendly language to boost the confidence of the students. A set of well-graded numerical problems, solved and unsolved questions from previous years' ICSE examinations and objective type questions prepare the students for the final challenge.

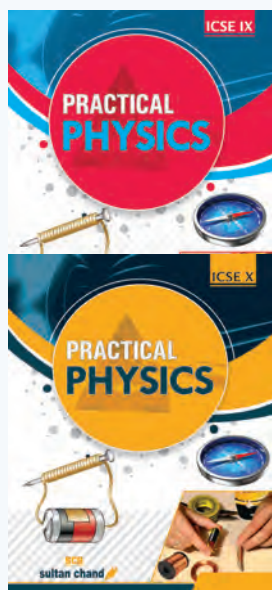

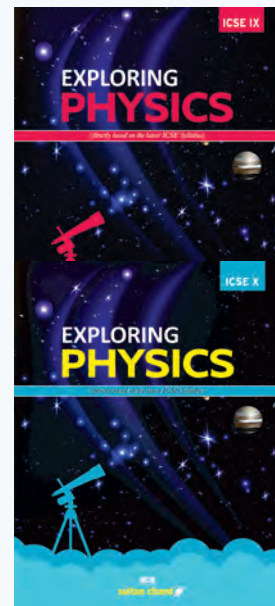

Exploring Physics

Classes IX and X

N.K. Sehgal, K.L. Chopra, D.L. Sehgal

- In-depth discussion on the subject in simple language and lucid style.
- Authentic, precise and sequential organisation of the content.
- Supplementary information in the form of notes to support the text.
- Each concept and idea related to day-to-day situations.
- 'Ab initio' discussion on all the concepts for quick understanding.
- A large number of illustrative, eye-catching diagrams.
- A wide range of questions—essay, short answer, reasoning and objective type—and numerical problems provided in each unit.
- Quick Memory Aids at the end of each chapter to reinforce the principal facts.
- Comprehensive Exercise based on ICSE examination pattern for self-assessment and to facilitate and fortify learning.
- Previous years' questions included in each chapter.

Practical Physics

Classes IX and X

N.K. Sehgal, K.L. Chopra, D.L. Sehgal

These books are so designed as to meet the requirements of the students and be complete in themselves.

- Basic background knowledge needed for each group of experiments is followed by detailed construction, method of use and precautions to be taken with different basic apparatuses. Detailed instructions about a few illustrative experiments are included in each unit.
- A note explaining all the essential details of graphs has been provided in the introductory chapter.
- Each unit gives necessary definitions, formulae, theory, description of apparatus for the experiments of that unit.
- To help the student face Viva Voce with confidence, a set of 'Review Questions with Answers' has been provided at the end of each unit.
- A large number of clear illustrative diagrams support the text.

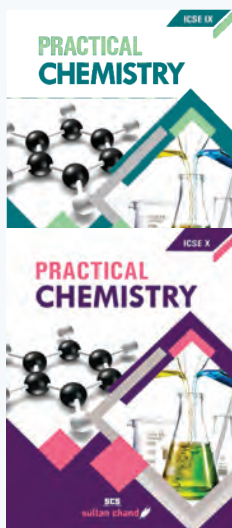

Exploring Chemistry

Classes IX and X

P.N. Kapil

- Written in an easy-to-understand language, each concept is illustrated with well-planned experiments.
- Illustrations and examples from the daily life of students to arouse and retain their interest in the subject.
- Quick memory aids at the end of each chapter to reinforce principal facts.
- A large number of short, long, objective and multiple-choice questions as well as the latest ICSE questions.

Practical Chemistry

Classes IX and X

Dr H.M. Chawla, Er. Nipun Kapil

These books attempt to inculcate in the students a spirit of enquiry and to enthuse them to do experiments, observe things for themselves and learn to draw conclusions in a scientific manner.

- A general chapter to introduce students to a chemical laboratory and prepare them for using the equipment/apparatus and conduct experiments in a proper manner.
- Enough theoretical details to help students understand the basics of each experiment.
- Several experiments describing hobbies related to chemistry given in an appendix.
- Various chemical exhibits to help students prepare models for science exhibitions.

Exploring Biology

Classes IX and X

Dr Sarita Kumar

The books are a comprehensive teaching/learning resource.

- The simple style and language along with supportive illustrations enhance a student's interest in exploring and understanding the science of living organisms.
- A variety of demonstrative experiments gear the students to learn through observation and relate the key concepts to life around them.
- A helpful review, list of key terms and concepts together with an exhaustive set of questions based on ICSE pattern at the end of each unit reinforce important learning points.

Practical Biology

Classes IX and X

Dr V.K. Sharma

- Guidelines and instructions for conducting experiments clearly explained.
- Instructions include procedures, requirements, theory, discussion, conclusions and precautions.
- Each chapter includes theoretical knowledge relevant to experiments listed in it.
- Simple, eye-catching and well-labelled illustrations.

A Textbook of Economics Applications

Classes IX and X

I.C. Dhingra

Each chapter of the textbooks begins with a statement of the objectives. The principal distinctive features of these books are as follows:

- Subject matter has been presented in short sentences and small paragraphs. This helps in easy understanding of the arguments and the underlying logic.
- A step-by-step approach has been adopted so that the various arguments build up progressively. This helps the reader to get a complete picture of the topic being studied.
- Near and accurate diagrams make the subject matter more interesting. Technical accuracy of diagrams is a prerequisite for building a strong foundation in economics. Special care has been taken to ensure this.
- Points for Quick Revision given at the end of each chapter help the beginner in Economics to understand the subject easily.

Essentials of Economics

Class XI

B.K. Bhargava, I.C. Dhingra, B.M. Aggarwal

Class XII

I.C. Dhingra, Nitin Dhingra

The books have been prepared exclusively for the ISC course in Economics. The basic aims of the study of economics have been identified as follows:

- Equip the students with knowledge (information) and develop an understanding of facts, terms, concepts, conventions, trends, principles, generalisations, assumptions, hypotheses, problems, processes, etc.
- Acquaint the students with tools of economic problems.
- Familiarise them with the main institutions through which the productive process is carried out.
- Develop an understanding of the role of institutions in the functioning of an economy.
- Enable the students to compare their own economic structure with those of other parts of the world.

Double Entry Book Keeping

Classes XI and XII (Section A)

Management Accounting

Class XII (Section B)

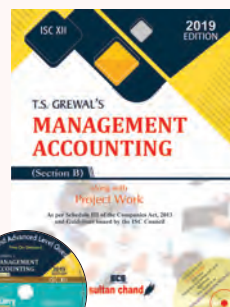

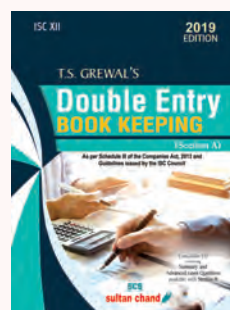

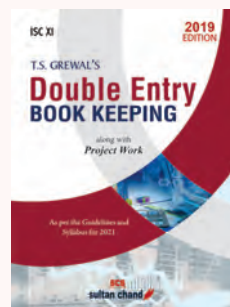

T.S. Grewal, G.S. Grewal, H.S. Grewal, R.K. Khosla

The books, designed primarily as textbooks, are written in a simple and lucid style. The books also contain abundant problems of graded difficulty to provide extensive practice to the students. Needless to say, the illustrations and problems are in line with the latest trend of questions.

Salient Features

- Adequate necessary material to provide a sound conceptual base of theory.
- Supportive illustrations for easy understanding of the text.
- Formats and tabular representations to make the topic precise and easy to understand.
- Short answer questions type and practical problems at the end of each chapter so that students may revise and test their understanding of the subject.
- Class-tested and well-graded presentation of the subject matter.
- Due weightage to each topic.
- **Companion CD** containing Advanced Level Questions for both Sections A and B.
- Master Questions and Advanced Level Questions in each chapter to help expand knowledge.
- Accounting Process and entries explained with the help of Flow Charts.

CD content can also be accessed at www.sultan-chand.com/ws

Essentials of Commerce

Classes XI and XII

Vijay Kapur, Sandhita Purbi

Our ISC Commerce books are prepared with an intent to match Commerce discipline with the requirements of managing modern business.

Salient Features

- Each chapter of the book starts with presentation of practices adopted by a prominent organisation/real business situation relevant to the subject of the chapter.
- Conceptual framework of each chapter is fully integrated with actual business practices.
- Each chapter contains relevant subject matter, questions with suggested answers/hints, self-practice questions and scanner of past ISC question papers with suggested answers/hints.
- Model Question Papers with Solutions and Self-Practice Question Papers have been included in the book.

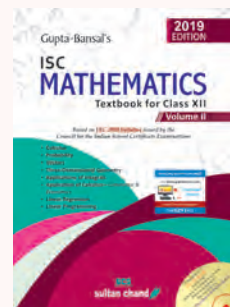

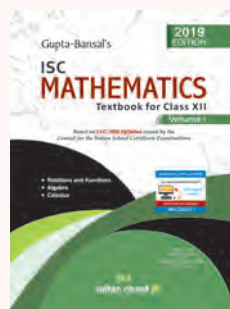

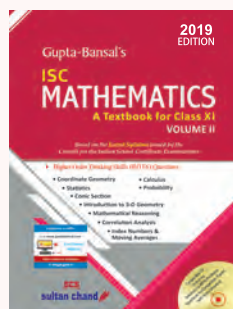

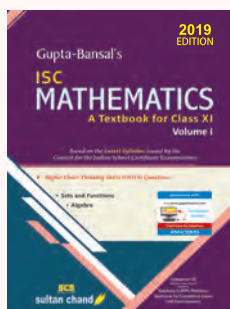

ISC Textbooks

ISC Mathematics

Classes XI and XII (Vol. I & II)

Dr V.K. Gupta, Dr A.K. Bansal, P.K. Bansal

- Written strictly in accordance with the latest ISC Examination syllabus of CISCE, New Delhi.
- Contents relate to real-life situations and proceed from 'specific' to 'generalised'.
- Theoretical explanations and inter-linked supporting examples ensure right formation of concepts and skills.
- A large number of previous years' ISC Exam questions as solved examples and exercises.
- **HOTS (Higher Order Thinking Skills)**, a set of solved questions in each chapter, requiring superior skills and ability to solve.
- **APPs (Additional Practice Problems)**, a set of select problems in each chapter, for additional practice.
- **PACE (Problems Asked in CISCE Exams)**, a separate section in each chapter, includes problems set in previous years' ISC examinations with marks allotted to each problem.
- **Web Support**—To access complete solutions to all problems given in APPs and PACE sections and other exam-related material, visit www.guptabansal.com

CD content can also be accessed at www.sultan-chand.com/ws

Essentials of Chemistry

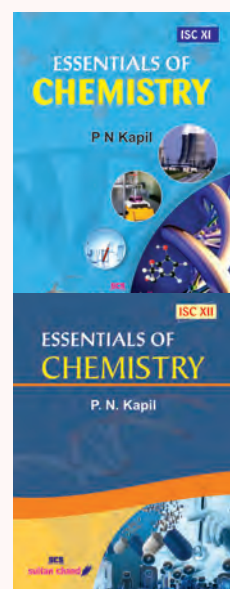

Classes XI and XII

P.N. Kapil

The books have a student-friendly approach and are prepared in accordance with the syllabus prescribed by the Council for the Indian School Certificate Examinations.

Salient Features

- Logically elucidated concepts and theories.
- Illustrative expression of concepts and chemical reactions.
- Comprehensive and diagnostic question bank (with hints and solutions), inclusive of questions set in the ISC examination.
- Recapitulation of units and appendices for quick revision.

French Course Books and Workbooks

Bonjour L'Inde

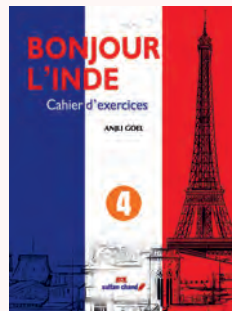

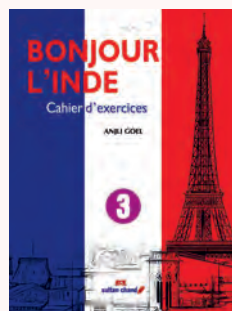

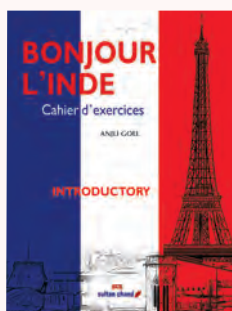

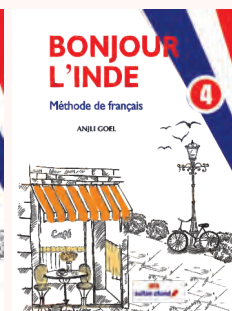

Classes IV to VIII (Introductory and 1 to 4)

Anjali Goel

A thoughtfully prepared series of ten books (five Main Course Books and five Workbooks) keeping the requirements of Indian students in mind. The excellent presentation of the books from cover to cover coupled with right guidance and support will make the learning of French an enjoyable experience. The series has been so designed as to make the young minds gradually imbibe the nuances of the language and enable them to speak French with confidence.

Salient Features

- Theme-based lessons; vocabulary highlighted under **Coin de vocabulaire**.
- Alerts under **Attention** to prevent errors in writing.
- A special section, **à ton tour de parler**, to encourage use of newly learnt vocabulary.
- Use of English only to facilitate the learning of French.
- **Listening Exercises** in accompanying CD.
- **Note for the Teacher** to help facilitate teaching.
- Two **Mock Test Papers** in each book for self-evaluation.
- **Workbooks** in consonance with the Main Course Books.
- Each **Workbook** offers an innovative and creative approach.
- Teacher's Manual available.

Study Material

Manual of Objective Mathematics

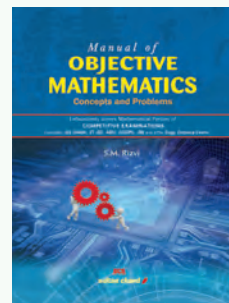

Concepts and Problems

S.M. Rizvi

Exhaustively covers mathematical portion of **COMPETITIVE EXAMINATIONS**, especially **JEE** (MAIN and ADVANCED), **AMU**, **GGSIPU**, **JMI** and other **Engg. Entrance Exams**.

Salient Features

- A comprehensive compilation of MCQs based on questions from entrance examinations of IIT-JEE, AIEEE, AMU, GGSIPU, JMI and various other national and state universities and groups of institutions.
- A unique treasure of lucidly explained important concepts and formulae.
- Authentic and novel solutions to MCQs, taking least working time.
- Tricks and short cuts, needed to fast-track your performance in competitive examinations.
- Self-reliance, quality and formidable performance edge over others in competitions.

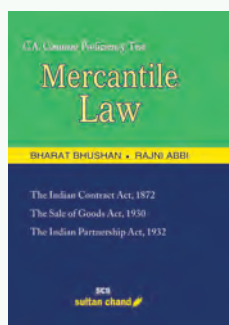

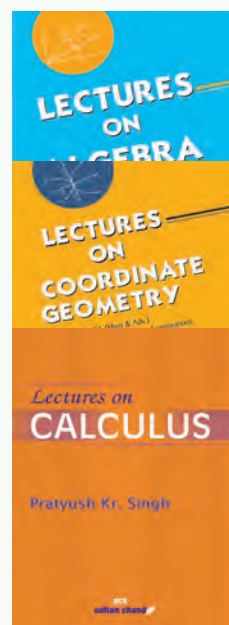

Lectures on Algebra, Calculus and Coordinate Geometry

Algebra (Book I), Calculus (Book II), Coordinate Geometry (Book III)

Pratyush Kr. Singh

This set of three books, viz. Algebra, Calculus and Coordinate Geometry, treats Mathematics as a conceptual subject and not as a collection of facts and formulae.

- Each article has been elaborately treated, not taking anything for granted.
- Problems have been meticulously chosen to suit the interests of the students preparing for IIT-JEE and various other engineering entrance examinations.
- Apart from a disciplined approach to explaining the various concepts, the books offer complete solutions to all the problems included in the exercises.
- An exclusive section with an exhaustive set of Objective Type Questions has been included to prepare the students for the screening test also. Detailed explanations about answers to objective questions have been provided for better comprehension and understanding.

C.A.–CPT

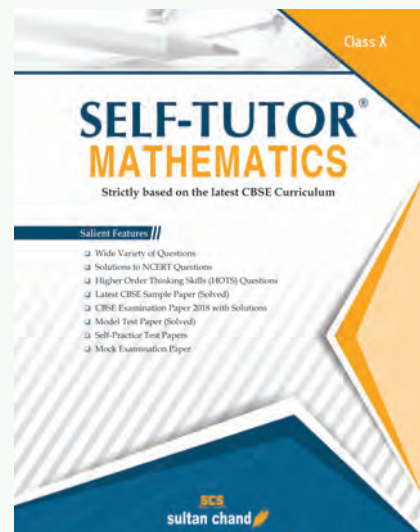

Mercantile Law

Bharat Bhushan, Rajni Abbi

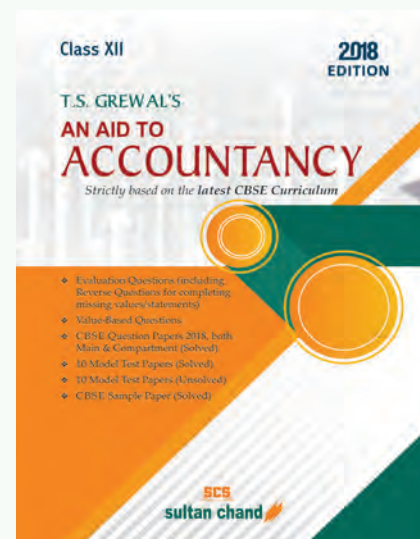

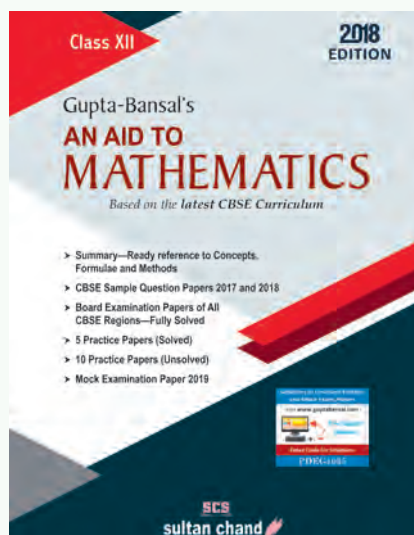

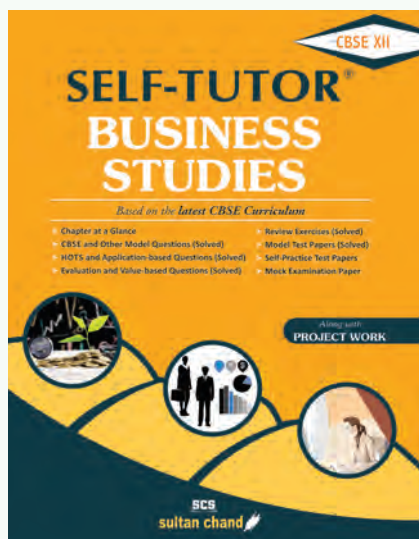

The book specifically meets the requirements of the students preparing for the foundation level exam, the Common Proficiency Test (CPT), introduced by the Institute of Chartered Accountants of India.

- Enhanced focus on one of the core subjects emphasised in the CPT.
- Comprehensive treatment of the Indian Contract Act, 1872, the Sale of Goods Act, 1930, and the Indian Partnership Act, 1932.
- Basics of the content prepared as per the updated objective type pattern of the examination paper.
- Practical problems discussed to ensure practical understanding.
- Multiple-Choice Questions at chapter-end.
- Model Test Papers for diagnostic evaluation.
