

Chapter 27. Comprehension

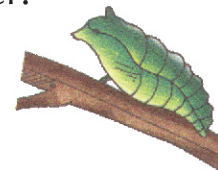

Exercise 35. Read the passage given below.

A butterfly is a beautiful insect. It has four beautifully coloured wings. It has six legs. It has a long tongue for drinking nectar from flowers.

A butterfly lays eggs on leaves. Caterpillars come out when eggs hatch. These caterpillars eat leaves and grow bigger.

After some time a caterpillar makes a hard case for itself. Inside this case, the caterpillar slowly turns into a butterfly.

When the hard case breaks, a beautiful butterfly comes out. It spreads its wings and flies away.

Put a tick (✓) against the correct options:

1. How many legs does a butterfly have?

a. two b. four c. six

2. What does a butterfly use to drink nectar?

a. wings b. tongue c. legs

3. What does a caterpillar eat?

a. leaves b. flowers c. eggs

4. What comes out when an egg hatches?

a. a butterfly b. a hard case c. a caterpillar

5. What happens inside the case?

a. A caterpillar turns into a butterfly.

b. A butterfly turns into a caterpillar.

c. A butterfly gets wings.

Exercise 36. Look at a part of Anoushka's timetable given below.

	I	II	III	IV
Monday	Ev.S	English	Music	Games
Tuesday	English	Maths	Hindi	Games
Wednesday	Maths	Ev.S	Library	Games
Thursday	English	Hindi	Maths	Games
Friday	Ev.S	Art	Story Telling	Games

Now answer these questions in one word each:

1. On which day does Anoushka have her Music class? _____
2. Which subject does she have twice a week? _____
3. What activity does she have everyday? _____
4. On which day does she take her colour box to the school for her Art class? _____
5. Anoushka loves stories. So on which day does she really likes to go to school? _____
