# **Model Test Paper 14**

# Answers

#### **Question 1**

- (*i*) (*a*) ₹ 10,000 paid for electricity bill is *Revenue Expenditure* as it is incurred in the normal course of business.
  - (b) Custom duty paid on import of a machine is a *Capital Expenditure* as it is incurred for acquisition of a fixed asset (machine) for use in business.
- (ii) The reasons of difference between Cash Book balance and Pass Book balance are:
  - (a) Cheques issued but not yet presented for payment.
  - (b) Cheques deposited but not yet collected by bank.
- (iii) Contra entries are those entries which affect both cash and bank columns of the Cash Book and therefore, recorded on both sides of the Cash Book. Such entries are denoted by word 'C' written in L.F. column on both sides of the Cash Book.
  - Example: Cash deposited into bank.
- (*iv*) Goodwill is not a fictitious asset. It is an intangible asset as it is helpful in doing better business and earn better profits. Fictitious assets do not have market value but goodwill has a market value as it can be sold.
- (v) Two characteristics of GST:
  - (a) Goods and Services Tax (GST) is a *comprehensive indirect tax* levied at the prescribed rate on every supply, *i.e.*, sale of goods and/or services or both except on petroleum and alcohol for human consumption.
  - (b) GST is a *Value Added Tax* because GST Paid (termed as Input GST) is set off against GST Collected (termed as Output GST). As a result, GST is levied on the incremental value of goods and/or services supplied (sold).
- (vi) (a) Rent Outstanding Personal Account.
  - (b) Depreciation Nominal Account.
  - (c) Motor Vehicles Real Account.
  - (d) Drawings Personal Account.

#### (vii) Difference between Accrual Basis of Accounting and Cash Basis of Accounting

Basis	Accrual Basis of Accounting	Cash Basis of Accounting
Recording of transactions	Both cash and credit transactions are recorded.	Cash transactions are recorded.
2. Profit or Loss	Correct profit or loss is determined because it records both cash and credit transactions.	Correct profit or loss is not determined because it records only cash transactions.

#### (viii) Difference between Rebate and Trade Discount

Basis	Rebate	Trade Discount
1. Nature	It is allowed because of reasons other than those for which trade discount and cash discount is allowed say because of poor quality of goods.	It is allowed on sale or purchase of certain quantity.
2. Recording	It is recorded separately in the books of account because it is allowed after the sale is made.	It is not recorded separately in the books of account.

- (ix) Sales = Cost of Goods Sold + Gross Profit = ₹ 30,000 + ₹ 1,500 = ₹ 31,500.
- (x) Closing Capital = Opening Capital + Additional Capital − Loss − Drawings = ₹6,00,000 + ₹1,50,000 ₹45,000 ₹80,000 = ₹6,25,000.

Total Assets = Closing Capital + Liabilities = ₹ 6,25,000 + ₹ 3,20,000 (Loan) = ₹ 9,45,000.

## Question 2

A.

Model Test Papers M.67

#### Question 4

Α.	BANK RECONCILIATION STATEMENT as	on 31st March, 2019

Particulars	Plus Items (₹)	Minus Items (₹)
Credit Balance as per Cash Book		40,500
(i) Cheque issued but not presented for payment	5,000	
(ii) Cheque debited in the Cash Book but not presented for collection (Note 1)		900
(iii) Cheques deposited into bank but not yet collected		10,200
Cheque deposited into bank but dishonoured		4,000
(iv) Excess payment recorded in Bank Column of the Cash Book (Note 2)	150	
Overdraft or Debit Balance as per Pass Book (₹ 55,600 – ₹ 5,150)	50,450	
	55,600	55,600

#### **Notes:**

- 1. "Post-dated Cheque" is a cheque that has a future date written on it by the issuer of cheque. Post-dated cheques are not payable till the date written on it. For example, a cheque written on 20th March, 2019 but dated for the 3rd April, 2019 will not be cashed till 3rd April, 2019.
- 2. Bank retired (or paid) a Bill Payable of ₹ 10,000 on our behalf under a rebate (discount) of ₹ 150. It means bank paid ₹ 9,850 (i.e., ₹ 10,000 ₹ 150). However, the total amount, i.e., ₹ 10,000 was recorded on the Payments side (or credit side) of the Cash Book. So, ₹ 150 will be recorded on the plus side of Bank Reconciliation Statement.
  - **B.** Even though the debit and credit sides agree, the Trial Balance is incorrect. Correct trial balance is as follows:

TRIAL BALANCE as on 31st March, 2019

Particulars	L.F.	Dr. (₹)	Cr. (₹)
Land and Building		1,20,000	
Plant and Machinery		92,000	
Wages		18,200	
Discount Allowed (Note 1)		1,620	
Discount Received (Note 2)			730
Purchases		1,26,000	
Sales			2,40,000
Returns Inward (Note 3)		6,500	
Returns Outward (Note 4)			3,370
Opening Stock		15,000	
Debtors		30,000	
Creditors			20,000
Carriage on Sales (Note 5)		3,280	
Carriage on Purchases		2,800	
General Expenses		17,600	
Cash in Hand		2,400	
Bank Overdraft (Note 6)			12,100
Capital			1,64,000
Drawings (Note 7)		4,800	
Total		4,40,200	4,40,200

#### **Notes:**

- 1. Discount Allowed will appear in the debit column as it is an expense.
- 2. Discount Received will appear in the credit column as it is an income.
- 3. Returns Inward will appear in the debit column as there is inflow of goods.
- 4. Returns outward will appear in the credit column as there is outflow of goods.
- 5. Carriage on sales will appear in the debit column as it is an expense.
- 6. Bank Overdraft will appear in the credit column as it is a liability.
- 7. Drawings will appear in the debit column as drawings reduces the capital.

Drawings A/c	Dr.	33,600	
To Purchases A/c			30,000
To Input CGST A/c			1,800
To Input SGST A/c			1,800

# Question 9

## A. Sirifort Club

## INCOME AND EXPENDITURE ACCOUNT

Dr.	for the	year ended	31st March, 2019	Cr.
Expenditure		₹	Income	₹
To Salaries  Add: Outstanding Salaries	60,000 5,000	65,000	By Subscription (₹ 500 × 500) By Donations	2,50,000 54,000
To General Expenses		7,500	By Proceeds of Drama Tickets	95,000
To Drama Expenses		45,000	By Sale of Waste Paper	4,500
To Newspapers		15,000	By Accrued Interest on Investments	5,000
To Municipal Taxes  Less: Prepaid for 2019–20	4,000 1,000		(₹ 2,00,000 × 6/100 × 5/12)	
Add: Prepaid for 2018–19	1,000	4,000		
To Charity		35,000		
To Electricity Charges		14,500		
To Surplus, i.e., Excess of Income				
over Expenditure		2,22,500		
		4,08,500		4,08,500

# BALANCE SHEET as at 31st March, 2019

Liabilities		₹	Assets		₹
Capital Fund (WN 1)	6,12,500		Cash in Hand		90,000
Add: Surplus	2,22,500	8,35,000	Building		5,00,000
Advance Subscription		6,000	Outstanding Subscription:		
Outstanding Salaries		5,000	For 2017–18	5,000	
			For 2018–19	45,000	50,000
			Accrued Interest		5,000
			Investments		2,00,000
			Prepaid Municipal Taxes (WN 2)		1,000
		8,46,000			8,46,000

Model Test Papers M.73

#### **Working Notes:**

1. Calculation of Opening Capital Fund:

#### BALANCE SHEET as at 1st April, 2018

Liabilities	₹	Assets	₹
Capital Fund (Balancing Figure)	6,12,500	Cash in Hand Outstanding Subscription (₹ 4,000 + ₹ 5,000) Building Prepaid Municipal Taxes (WN 2)	1,02,500 9,000 5,00,000 1,000
	6,12,500		6,12,500

- 2. Since, yearly municipal taxes are ₹ 4,000; ₹ 1,000 must have been paid during the previous year for the current year. As municipal taxes amounted to ₹ 4,000 per year have been paid up to 30th June, 2019, it means out of ₹ 4,000, ₹ 1,000 (i.e., ₹ 4,000 × 1/4) for three months relate to next year.
- **B.** Computerised Accounting suffers from the following limitations:
  - (i) Controls: If adequate controls are not built and, where built, are not followed, it can lead to loss of data. This shortcoming can be overcome by taking back-ups at regular intervals to avoid such a situation.
  - (ii) Data Corruption: The data can get corrupted through viruses that may come in through the Internet or the use of external input devices without scanning them for viruses. This shortcoming can be overcome with the use of antivirus software.
  - (iii) Untrained Computer Operators: Untrained computer operators can cause loss of data.
  - (iv) Limitations of Software: The software is developed on the basis of the experiences of the team of developers. As such, it may not be able to deal with a specific problem that may arise.
